*The
1959
Pioneer*

Foreword

It is the hope of the Senior Class that they have put into this book the events that were most outstanding during the year. The events that are published into this book are to serve as a reminder to you of your days at Snyder High School, during the 1958-59 school year, for the many years to come.

THE STAFF

We, the Senior Class of 1959, dedicate this year book to Mrs. Nora Reissener for her inspiring and helpful years at Snyder High School.

Her pleasant smile and cheerfulness has been greatly missed this year.

Superintendent's Message

The "PIONEER" is a very worthwhile Senior Class project and activity. It requires great effort in planning, developing, producing, and financing, to carry this work through to a successful completion.

Good citizens, in school and out, are always striving to improve their surroundings. This project has truly provided many opportunities for the staff to participate in many experiences which will have real educational value and no doubt prepare each of you to better meet life's challenges.

Let me urge each member of the Snyder High School to set your "goal" in life high, take great pride in yourself, develop those habits of industry and perseverance which will help you to make great achievements. Strive to secure a proper balance in your intellectual, physical, and spiritual life. Remember, too, that character is the greatest economic asset that anyone can possibly possess.

Congratulations to the "PIONEER" staff and their sponsor, Mr. Nichols, for the excellent expositions of the activities of our school.

Sincerely,

O. W. Garnett
