Superintendent's Message

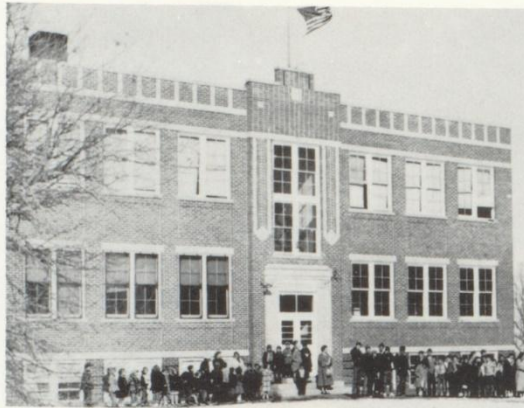

Congratulations to the "Pioneer Staff" members and their sponsor, George Magnuson. You have faithfully recorded many of the highlights of this school year.

As you graduate and leave the Snyder High School to enter your various fields of endeavor, may the experiences you have had educationally and socially reflect their true worth by bringing to you success and happiness.

It has been a pleasure to work with you and our teaching staff. I extend to each and every student my sincere best wishes for a useful and happy future.

O. H. Garnett

Snyder's the high school
Snyder's the team,
We've got the pep
And we're on the beam,
When we're out to win a game,
Remember that Snyder is our name.
Cheer on for Snyder
Look at them go!
We'll win this fair
No matter the foe,
We're the school on land or sea
Let's cheer on for victory!

Dear
Diary

Sept. 4, Muriel Chandler sent me a telegram from South America where she is teaching Spanish. She received her teacher's degree from C. S. C. E. in Greeley.

Sept. 7, A picture of Fay Forrest in the Denver Post revealed her position as a part time singer and her secretarial job on a large television network. She graduated from Central Business College in Denver.

Sept. 10, In a recent radio broadcast, I heard that John Honebein won first place in a rodeo contest in Cheyenne. He and his family own and operate a large cattle ranch near there.

Sept. 22, As I was flying back to Montana I saw Rhodene Pettit, who is now an airline stewardess. She told me that she is living in Denver and has big plans for her future. I think one of them is an engagement ring from H.I.M.

Oct. 12, Over CBS-TV, last night, Kay Forrest performed in a pantomime. In an interview after the program, it was disclosed that she has eloped, much to my surprise!

Oct. 15, In the sports news today, I heard that Les Funk, our athletic hero and Harvard graduate, is playing professional basketball for a traveling team.

Oct. 28, I read in the paper that Bill Tompkins is an engineer in L.A. However, I understand that his pretty wife is chief engineer at home.

Dear
Diary

1967

Name Enid Williams

Oct. 30, On a recent visit to Snyder, I saw Eldon Woodward. He told me that he is now owner and operator of the Woodward ranch; but first he attended Colorado A. & M. He also told me that Don Beck decided to be a bachelor, so he is now living on a sheep ranch in North Dakota.

Nov. 10, Saw Marvin Baker today and he told me that he and Marlene were married after his hitch in the Air Force. They are now residing in Utah where Marvin is an airline pilot for T.W.A.

Nov. 13, Also on that visit I heard that Bea Lake finished Business college and worked as a secretary until Don Vondy graduated from C.S.C.E. They moved to San Francisco after their wedding. She now has a job rearing their two honey-bees.

Nov. 17, Received a letter from Lida McCracken saying that she enjoyed her enlistment in the WAVES. At present she is enjoying life with her family, on a large oil producing ranch in Texas.

Nov. 18, Ran into Pat Peterson in J.C. Penneys. She said that after going to business college for a year she and Ronnie were married. They are now living in Colorado Springs rearing Rhonda Deanne Gleason.

Dec. 21, In Delia Herrera's Christmas card, she wrote that she and Joe are now farming near Greeley and also rearing Lee plus two little playmates.

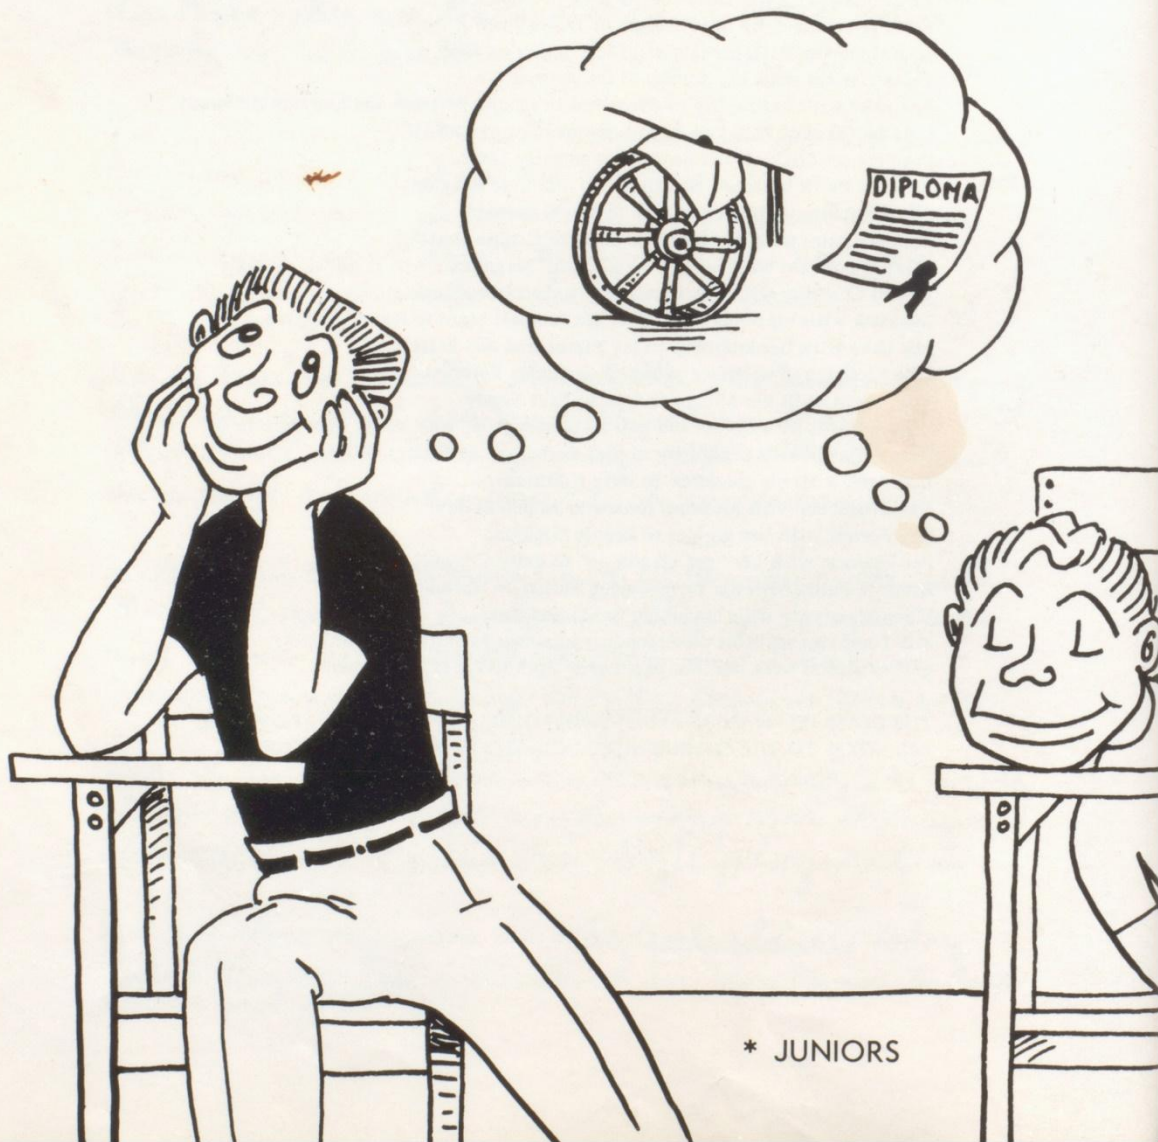

Dec. 23, Saw my name in the Centralizer today "Enid Williams joins husband in Montana to keep books and family."
