1995 SAGEBRUSH

BRUSH HIGH SCHOOL 400 WEST AVENUE
VOLUME 64 POPULATION 383

In that plain, white and yellow phone book that we all have a copy of on the nearest coffee table, each person is represented with a name, address, and number. Everyone knows that in real life, however, there is much more to each person. In the Yellow Pages, there are no personalities, no faces and no life. The real phone book can show you your best friend's phone number and address, but it can never show you the time when he made a complete fool of himself by spilling his plate of meatloaf on the cafeteria floor, or the time he triumphantly held the state championship trophy above a crowd of his peers and teammates. That is where the phone book stops and the Maroon and Gold Pages begin. We bring actual faces and lives together with each name and number.

The 1994-95 school year started off with an early wake-up call for most students,

and number.

The 1994-95 school year started off with an early wake-up call for most students, since the school year started almost two weeks before previous years' start date. During the fall months, many people were difficult to reach as most students were busy preparing for such events as Homecoming, the fall play, and fall sports. The highlight of the fall season came with the football team winning its second state championship in three years. Another cold Colorado season came and went during the winter months, which were filled with busy signals due to the boys and girls basketball teams taking the floor and the Digger grapplers ruling the mats once again. The winter also brought in the New Year of 1995. Did you keep your resolution? The spring season brought many groups out of hibernation, including the drama club which put on another great production. The baseball players and tracksters prepared to take the once frozen fields for another eventful season of running, jumping, and playing. For the seniors, the spring was a time for good-byes and hanging up on their high school careers. For the rest of the students, it was time to prepare for another summer and finish up on the 1994-95 school year.

IT S FOR YOU!

August

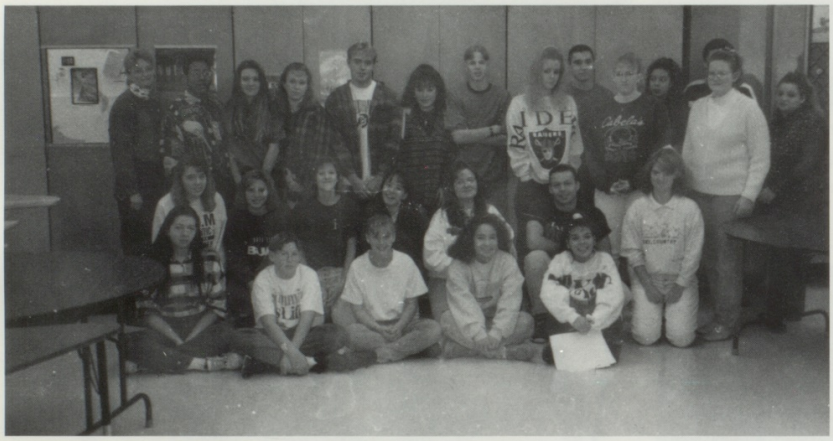

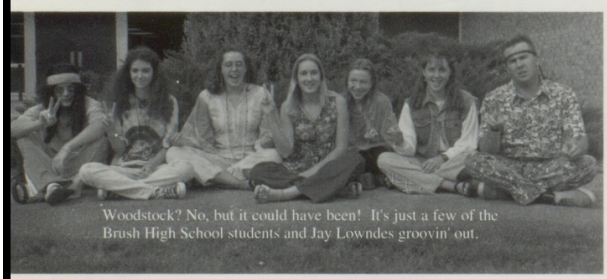

As the summer came to a close, there was still a ton of stuff to cram in before that first day back to school. The Morgan County Fair kept the first week of August full, with a live performance of Mark Collie and Lisa Brokop, and an array of award winning livestock shows. The recreation summer softball leagues finished up their season with a long weekend of tournament play, and everyone was forced to finish up that king size bag of sun flower seeds or toss 'em. Summer luggage fumes had to be taken care of and laundry done. The malls were calling as the racks of new school clothes slowly replaced the summer earnings. The minds of soon-to-be freshmen grew with worry, and the minds of seniors filled with the sight of revenge. Teachers dusted off their desk tops and drug out a brand spanking new red correcting pen, which would undoubtedly be the enemy of students it would soon encounter. And then for athletes it was even worse.

August 14 was the last day of so-called "summer vacations" for all of the fall athletes as practice resumed on Monday the 15 (on a brand new gym floor.) As they laced up those new sneakers for the first time and stretched their muscles without pain for the last time, it was official that the new season had begun. The 1994-95 school year was under way!

While some were already starting the count down until next summer vacation the first day of school was like everyones dream come true, a nightmare. The halls were loud, somewhere someone was wearing that same perfect first day of school outfit as you, and the teachers were all chipper and full of new rules. All in all it was same-o-same-o. Brush High School was off on the right foot as we all survived that first week.

Woodstock? No, but it could have been! It's just a few of the Brush High School students and Jay Lowndes groovin' out.

FHA, Future Homemakers of America, was sponsored by Economics teacher Mrs. Hoffmeister. (back row) Mrs. Hoffmeister, Quincy Gutierrez, Carie Taylor, Becca Tebbs, Mike Brunkhardt, Maria Ortez, Todd Schreiner, Heather Doane, Robert Gonzalez, Angie Dudden, Becca Rivera, Rusty Edelen, Melissa Armstrong (middle row) Christie Jones, Jennifer Janzen, Desiree Swopes, Jennifer Mattorano, Lindi Garrett, Tom Rivera, Stephanie Roberts (front row) Nikki Ferguson, Richard Coad, Jessica Emmert, Sandra Vasquez, Colleen Urrutia.

8/1 August first didn't have any more significant value in the trial of the century than any other day, but I'm sure the news was full of "juice" (O.J. Simpson that is). Retired football star O.J. Simpson was accused of brutally murdering his ex-wife, Nicole Brown Simpson, and her friend, Ronald Goldman. The coverage of this heated case has extended from the bloody murder scene to the preliminary hearing.

8/1-8/5 Morgan County Fair

8/1 Project award winners were announced. All the months of livestock dieting was put to the test during weigh-in. The evening then brought the big Swine Show.

8/2 The Steer barn was full of intense judging right up until the final anoucement when BHS senior Ryan Ley was awarded Reserve Grand Champion Steer. With a short afternoon rest it was then time for the Sheep Show, it was a bad case of dejavu. When they announced Reserve Grand Champion, the name following was Ryan Ley. It wasn't dejavu at all! It was a real great day: an award winning steer and lamb.

August 1 – 18

8/3 The Dairy Show occupied the morning and syrup drenched, freshly cooked flapjackes filled both the plates and bellies of hungry fair goers. Boots were stompin as the sun went down at the annual fair "boogie down" dance.

8/4 After a full day of preparation and another full belly, this time with BBQ, it was off to the livestock sale, where often times the fate of their savings accounts is at "steak."

8/5 Scoop up the manure, and sweep up the stalls. It's time to load 'em up and move on. The County Fair was almost over.

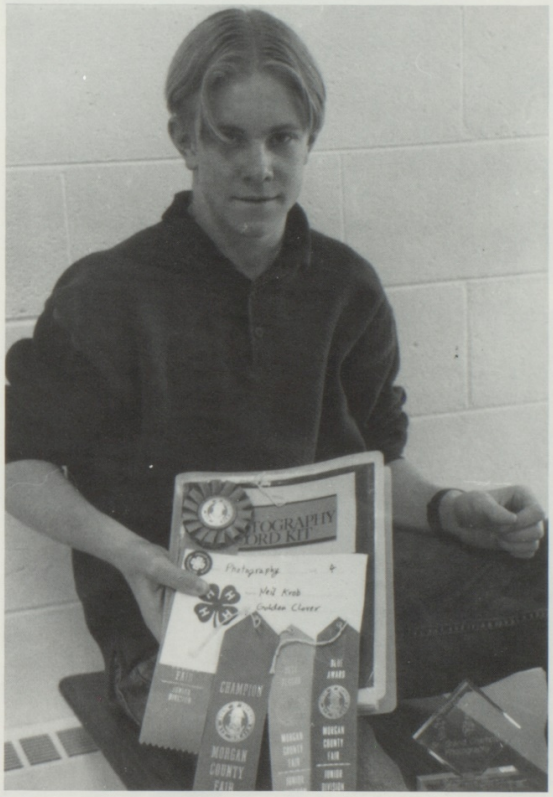

8/7 The Junior Rodeo was the last event before that final farewell for all those whose summer highlight was the Morgan County Fair.

8/15 After a calm twenty-five years, Saugerties, N.Y. was quite a sight with the rebirth of Woodstock. Over 250,000 people gathered for the Anniversary. Everyone from those who experienced it first hand to their children, and maybe even some grand children spent three days of pure ... "peace."

Spanish III students, Brian Budde, Charity Thompson, and Rusty Edelen, joined up with BHS foreign language teacher Mrs. Perry, and the foreign language department from Akron High School for a week long trip to Mexico. The adventure included several exotic foods, long days of touring, a chance to climb the Spanish pyramids, a glance at the youngest mummy in the world, and even a trip down under as they went snorkeling. When Charity Thompson was asked to sum the trip up in a few words she said, "It was a once in a lifetime experience and I loved every minute of it."

Lindsey Strauch pulled a fourth place finish in the Archery division at the Morgan County Fair. Lindsey, who shot compound, went on to the state competition where she would finish sixteenth.

Neil Krob received Senior Grand Champion for his photography portfolio at the Morgan County Fair. Some of his photographs were shot in the junk yard, which goes to show his creative eye.

O.J. Simpson sits in a Los Angeles courtroom where he awaits yet another crucial decision in deciding his fate.

August 19 – 24

"Driving" to be the best, Mr. Needens led his second year golf team to yet another outstanding year. The members of the 1994 golf team included (front row) Jim Hastings, Coach George Mussel, Tyler Beckley, Coach LeeRoy Needens, Brad Bever,(back row) Jason Dahlinger, Jeff Wagers, Brett Stevens, Stuart Cox, Randy Carlson.

8/19 The youngest president ever of the United States had just turned a year older. Happy Birthday Bill Clinton!

8/19 The Brush varsity golf team "teed" off on home turf at the Brush Invitational Golf Tournament.

8/19 "Goin' to the State Fair..." The activities of the State Fair were finally underway. Several BHS students displayed their projects at the fair.

Jeneria Spooner, like many other students, enjoys showing character and personality by decorating her school "living space."

Making things more exciting, Dave Gates and John Brill added a new twist to the announcements. Their zany antics could be heard before lunch and before the final bell of the day.

Making the Connection

8/20 School Board member, Dan Pierce, announced his resignation. The search for a new member began.

August

8/20-21 It was the last weekend of total and complete freedom without the word "homework" running through your mind.

8/22 Hi-ho, hi-ho, it's off to work they go! The staff went back to work today while the students still had two more days of summer vacation to ponder on.

8/23 Today was the last day to sleep-in and watch your favorite daytime television

Not only did we see new faces in the student body on the first day of school, we also saw new faces within the faculty. Here is Mr. County, a new math teacher, seeking information from Dr. Prascher. Other new teachers included Mrs. Taylor, Ms. Casebolt, and Ms. Gearke.

"Where am I?" This and many other similar questions were being asked by Dan Rutherford and his fellow Freshmen on the first day of school.

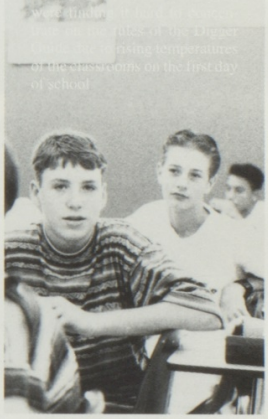

8/23 Today was the last day to sleep-in and watch your favorite daytime television shows. Although it was hard to get to bed early, students knew they had a long, hot day ahead of them.

8/24 It's the first day of school! O.K. already! Enough with the Digger Guide! Although it seemed like it was going to be a long year, school officials planned 20 days of holiday vacation which did not include inservice days.

Rise and shine! Even though school has not started yet, the volleyball players were hard at work preparing for their 1994 season. TheLady Diggers wanted to get a head start on their oponents for the season.

To many students, this sign was meaningless before school started. However, on August 24, it led them in a different direction.

August 25-31

The Beetdigger Football Team won the 2A State Title for the second time in the last three years. Team members included (front row) statistition Carrie Musgrave, manager Shawn Cook, Chony Garcia, Jeremiah Miles, B.J. Meza, Phil Washburn, Tom Rivera, statistition Michelle Garrett, statistition Mindy Friehauf (second row) Neil Krob, Chad Guthrie, Tim Ramirez, Brett King, Mario Cervantes, Dave Vondy, Allan Marrinan, Jerome Rocha, Robert Gonzales, Brian Budde (third row) Shane Erosky, Cory Schreiner, Coach John Schaffer, Coach Paul Dillehay, Coach Larry Mills, Coach Randy Dreitz, Coach Bob County, Mike Headley, Ryan Roark (fourth row) Derek Hoffman, Preston Ward, Aaron Weisser, Brad Guthrie, Bart Erosky, Gregg Roberts, Matt Friehauf, John Brill (back row) Nathan Kreuger, Jason Barnes, Chase Felzein, Travis Ocanas, Matt Grupp, Matt Schiller, and Jeremy Hirschfield.

9/25 Employees of the Brush School District and their families sampled over 250 different varieties of Jell-O salad at the annual District Employee Family picnic! The pot luck bonanza was held at Brush Memorial Park.

9/26 All four classes elected class officers and decided on some very important issues during club period. The meetings were the first of the year, and they decided some very pressing topics that would effect the whole year.

8/19 In their first meet of the year, the Beetdigger golf team was a little rusty after the summer break. The team finished third out of seven teams in the only home meet of the year for the Diggers.

8/26 Our golf team traveled to Ft. Morgan to try to topple some of the power house schools of golf at the Ft. Morgan Invitational. Boulder won the meet, with the Diggers coming in 14th out of 18 teams.

Students were not the only ones whose summers were cut short by the sudden re-starting of the school year. Vice Pricipal David Thornton was forced to stop his summer of fun, and come to work. Unlike the students, however, he gets paid to come to school.

In a warmup round, Randy Carlson swings at the Eagle Invitational. The golf team traveled to many exotic locations to play in their many meets. Randy had a successful year, his second on Varsity.

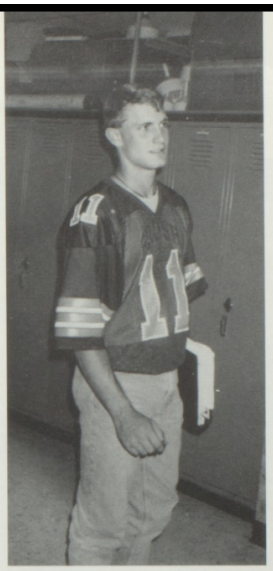

9/30 Many new students and freshman were given a chance to decide on what extra-curricular clubs they would like to join at the club assembly. Each club or group put on a short but entertaining skit, and then informed the students about their particular activity.

8/26 The Junior Varsity Golf team held their only home meet of the year. The team finished fourth out of six teams. Their score was 285.

9/31 Students went to the auditorium and most smiled pretty for the cameras. School pictures, which will be used for records, the yearbook, and distribution to boyfriends, girlfriends and general acquaintances, were taken by Brush's own Lasting Images.

9/13 New students and Freshmen who were still lost after the first week of school were shown the way at the Freshmen/New students assembly. The assembly covered such helpful topics as schedules, lunch hours, and the routes to the nearest restroom from each class.

Every day this week, hundreds of Cuban refugees, who were fleeing their country's political and economic unrest, built makeshift rafts out of scrap metal and rubber, and attempted to float to the United States. The refugees were picked up and taken to a camp in Guantanamo Bay, Florida.

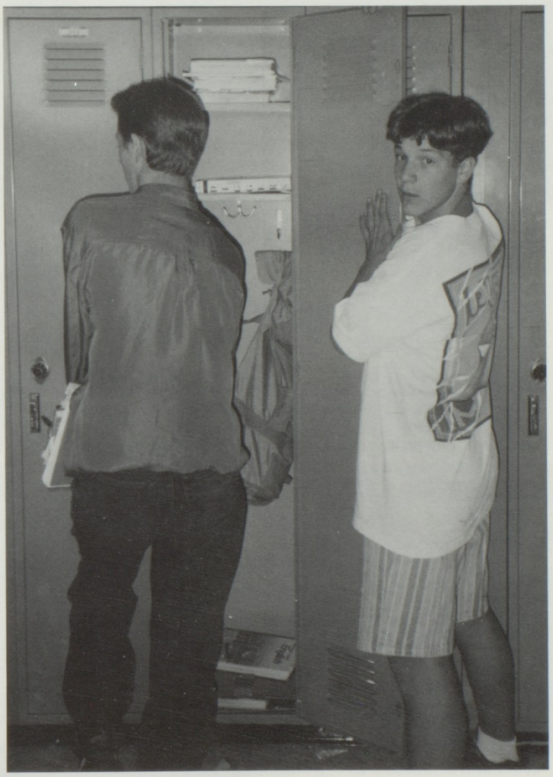

25-31 August

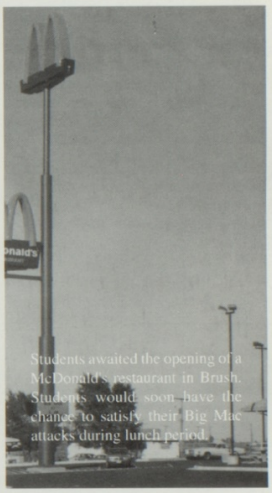

Stricter pass rules and tighter class security have been implemented to try to cut down on students in the halls during class. Matt Grupp was one of the first to discover these new rules.

The look on Nicole Villareal's face was glum as she drug herself onto the bus and made the long ride to school.

The first day of school is a special challenge for the Freshmen at Brush High School. Not only do they have to remember their locker combiations and pathways to all of their classes. But they must also learn the art of avoiding teachers while squandering precious class time at their lockers or at the school store. Nathan Krehmeyer and Justin Ward seemed to have eluded the wrath that awaits them from the monitoring teacher; at least for now.

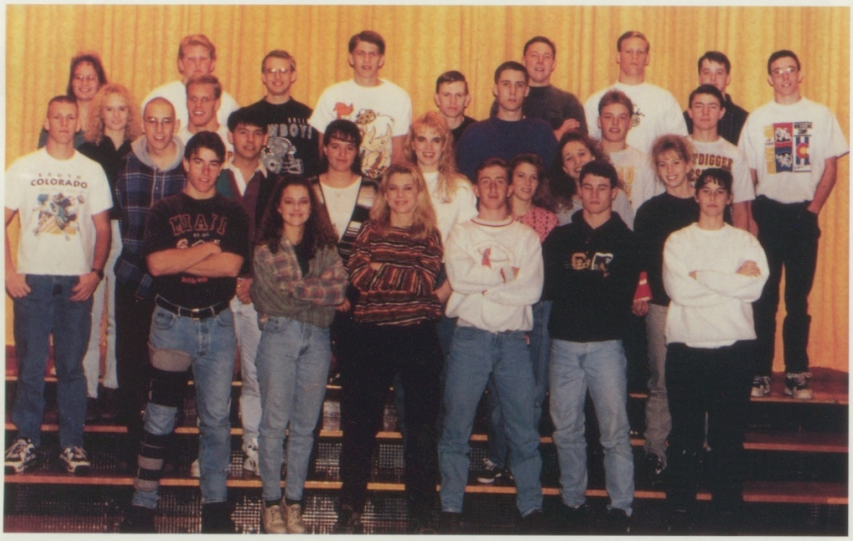

Students awaited the opening of a McDonald's restaurant in Brush. Students would soon have the chance to satisfy their Big Mac attacks during lunch period.

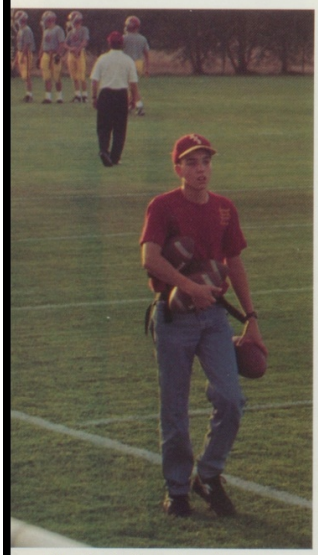

One of the things we looked forward to along with the start of the school year were field trips. On a FHA field trip, Todd Schreiner scarfed on a hamburger and relished the day off from school.

September 1 – 6

The members of the 1994-95 B-Club were as follows (front row) John Brill, Amanda Smith, Jeneria Spooner, Brian Budde, Chad Guthrie, Lyndie Bradshaw (second row) Brett Stevens, Stuart Cox, Seiji Okamoto, Beth Blake, Jaime Bostron, Mindy Friehauf, Shelly Miller, Lisa Kendrick (third row) Marci Johnson, Ryan Roark, Mark Rudel, Jeremiah Miles, Shane Erosky (back row) Jean Jordet, Derek Hoffman, Phil Washburn, Randy Pfost, Matt Friehauf, Bart Erosky, Chase Felzein, Jim Hastings and Wade Garrett.

The Football team's trainer/manager Shawn Cook walks the sideline and carries some footballs at a game. He has been doing his job for three years and has become an important lifeline of the team.

Right when I get some peace and quiet, they come back. I stand empty and alone all summer, and then all of a sudden, I get whipped open, shoved full of their garbage, and the next thing you know, I'm bloated beyond your wildest dreams.

They don't even give me a proper name; I'm just known as "My Locker." All I want out of life is a little respect! No more saying, "May I go to My Locker, Mr. Blah-Blah-Blah?" Or, "I left my homework in My Locker, Mrs. Blah-Blah-Blah."

Why can't they treat me like the fine piece of furniture I am?!

Every May they desert me like they never knew me, and then they come back in September expecting me to just gladly accept them back.

It seems like about every four years or so, they pull a fast one on me. One minute they are a high and mighty senior, and the next minute they are just a lonely freshman. They even change their gender every once in a blue moon.

Do you know what it is like to be worked over in this cruel and unusual way? Sometimes I play a nasty trick on them and jam-up or just change the combination all together. Boy, is it fun to see the custodians coming down the hall with my "friend" to try to fix me up.

Oh well, I guess there is nothing I can really do about it. Just another year as a slave--I mean Locker.

9/9 The Varsity Football team took no prisoners in a rout of the Valley Vikings. The Diggers scored 34 unanswered points to shut out the Vikings. The game truly showed the dominance that the diggers had

Tim Ramirez assists Travis Ocanas with a bone shattering blow to Fort Lupton's quarterback. This blow was severe enough that from this point on Fort Lupton never scored.

Robert Gonzales runs for his life after breaking through Fort Lupton's tough defensive line. This run lead the Diggers to a convincing victory over the Blue Devils in Beetdigger Stadium.

September 13-20

Everyone in the STAND club (Students Taking A New Direction) posed for a quick photo before they planned many of their activities for the year which included Red Ribbon Week, the Drive-In, the blood drive, and their state conference. STAND sponsors were Mr. Drietz, Mrs. Florian, and Ms. Gearke.

The linebackers for the Blue Devils broke through the Digger front line only once or twice during the competition, and this time put pressure on Matt Grupp as he attempts another pass-completion.

Senior Ben Remington remains entertained by the football game despite the distraction of Scott Schereiner and Greg Dupps spitting sunflower seeds on the fans around them. Being a Beetdigger fan was hard, so sometimes the fans needed a time-out of their own. Some games this season were watched on the edge of your seat, while other games you could sit back and absorb the excitement along with some Saturday-sun, as the Diggers crushed their opponent.

9/13 At 1:49 A.M. a stolen red and white, two-seater,Cessna 150 trainer plane darted unchallenged over the White House fence and slammed down on the South Lawn. It cartwheeled against the mansion, two floors below President Clinton's private quarters. The pilot, identified as Maryland truck driver Frank Corder was killed in the crash.

9/14 PresidentClinton signed a $30 billion crime bill into law. The anti-crime law bans many assault-style weapons, allowed the death penalty for dozens more federal crimes and provided billions of dollars to build prisons and hire police.

9/15 The Journalism class climbed into the "red party wagons" and traveled to MCC for a newspaper workshop. Although the speaker knew what he was talking about, he must have forgotten his point a long time ago.

9/16 The Varsity Football team took on the Ft. Lupton Blue Devils at Digger Stadium and dug up another victory.

9/17 The Varsity Volleyball team competed at Overland all day and came home with a division trophy, and fourth place overall.

9/19 The Junior Varsity Football team played against Platte Valley and added another win to their nearly flawless season.

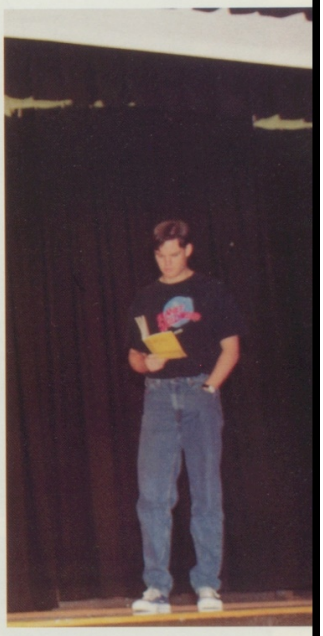

9/19 The first day of fall play try-outs. One-by-one the anxiety stricken, sweaty-palmed, heart-poundin', drama enthusiasts popped up on stage and tried for a cast-spot.

9/20 The second day of fall play try-outs and more cast hopefulls tried their best to make a good impression by using every bit of talent hidden inside to gain a role in "The Crucible."

Senior Jeneria Spooner went up for a spike at the Overland Tournament. Although caught spiking it here, she led her team primarily as a setter.

Play try-outs were a nerve-racking, experience for most cast hopefulls. Junior Chris Fox pondered his lines and attempted to store them in his memory bank.

Digger team members waited in line to crush the Ft. Lupton Blue Devils, as a matter of fact the entire Varsity squad had a chance to see some action. In the end, the Blue Devils left Beetdigger Stadium heart broken.

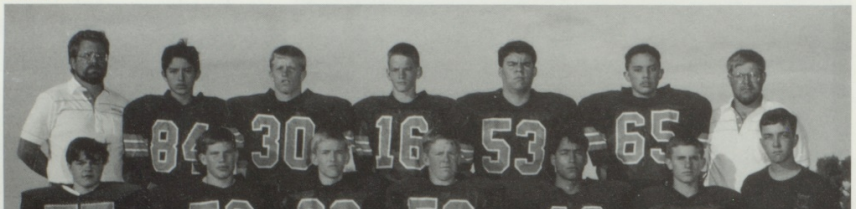

C-Team volleyball player Joey Prather passes perfectly, while Tammy Lopez backs her up. It was teamwork like this that helped the team maintain a winning season.

September 21-25

Spider-Man returns to nature... Not really, its John Brill hanging around under a bridge during the American History field trip. The trip took John and other students around northeast Colorado to learn about some of the rich history of the area.

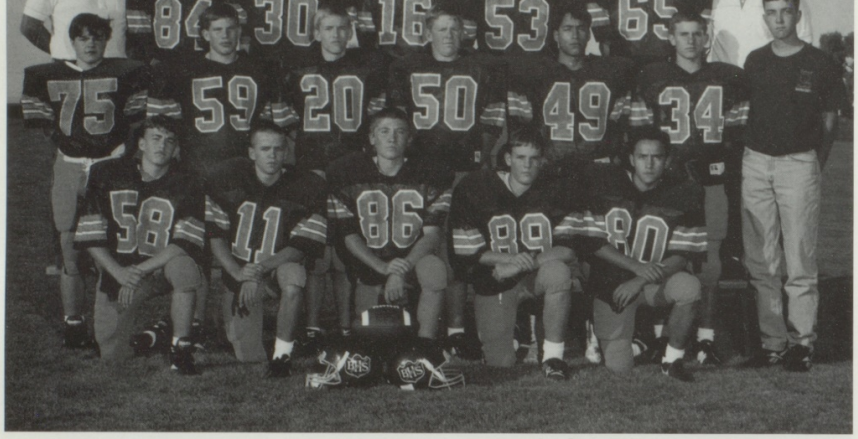

In the next few years these guys will turn into the Brush High Varsity Beetdiggers, but for now theie stomping the compitition as the Brush Football C-team. 9/22 Because of the Major League Baseball strike the Owners voted to cancle the remainder of the regular season, including playoffs and the World Series. It was the eighth strike in 23 seasons. The dispute centered on the owners' demand to create cost controls through a salary cap. The players wouldn't accept it and went on strike. It was the first time since 1904 that the World Series, which had survived world wars and an earthquake since its inception in 1903, was not played.

Blazing a trail through the harsh wilderness, the Math and Science club voyages on through the Rocky Mountains on their educational field trip. Their nature trip let the students experience nature first hand, and taught them about specific parts of the area they were in.

9/22 All three Volleyball teams took on the Platte Valley Broncos on the home floor, but the Broncos' attack proved to be too much for the Diggers as the Varsity lost in three games. The Junior Varsity was able to pull of a victory however,but it also took them three games to complete the task.

21-25 September

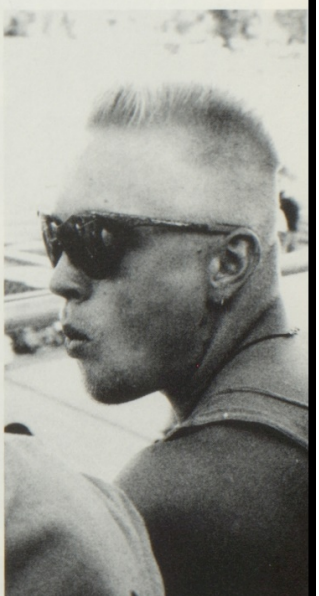

9/24 The Varsity Football team pulled off a huge win over the former number one team in 2A. The Saint Mary's Pirates fell to the Beetdiggers 34-6. The win was one of Brush's best team performances of the year.

9/24 Forest fires swept across more than a dozen Western states. An eight-year drought brought the United States its worst forest fires since the 1920's, blackening some 3 million acres. Fourteen firefighters were killed during the summer in a blaze in Glenwood Springs.

Senior Brett Stevens was one of the leaders for this years' golf team. He and all of the golf team made a habit out of taking a sport which is usually fairly leisurely, and transforming it into a competitive challenge.

Trying to stay calm, senior Ben Remington watches a Beetdigger football game. The crowd at the games were not usually so relaxed, as many of the games (especially in the playoffs) were very exciting.

9/24 After playing six tiring games, the Junior Varsity Volleyball team took second place in the Eaton Invitational Tournament. The Diggers won five of the six games.

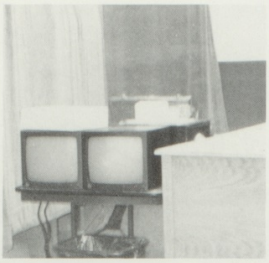

Ready for anything, Jackie Shavlik keeps a careful eye on the ball as Jeneria Spooner passes it. Despite the lady Diggers concentration and hard work, they fell to the Platte Valley Broncos. The Broncos were extremely tough and went on to win the state title.

Senior Allan Marrinan makes a move to evade two Saint Mary's defenders. The Beetdiggers rolled over the Pirates in the non-conference preview of the state final. The win was a great boost for the teams confidence.

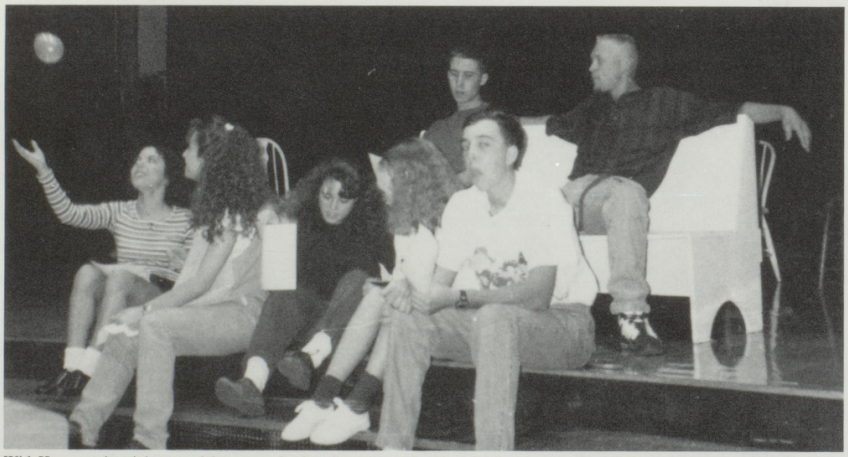

September 26-30

The Junior Varsity did extremely well this year ending the season with a second place win at the Brush Tournament. Team members included (front row) Tabitha Rocha, Carrie Barnett (middle row) Crystal Bostron, April Murrow, Lacey Curtis (back row) Coach Shelley Lowndes, Rebekah Bostron, Nicole Balderston, Manager Jean Jordet, Jill Queen, Holly Teter, and Coach Kris Gearke.

Brush High School sounded like a construction site this week as the workers hammered and drilled away on the Distance Learning room. They worked rapidly trying to finish the room for the students' use. Numerous television sets and video cameras were being set up to enable the students to interact with classrooms far away. This being the first year BHS has tried the distance learning program, it didn't get off to much of a start as Astronomy was the only class offered.

9/26 Freshmen and new student health screening began today. This was our last chance to weed out the bad ones. Mrs. Carter and various volunteers were busy checking the students' hearing and eyesight all day. What a chore.

9/26 Jury selection began for the O.J. Simpson trial. This is just a wild guess, but I think this may take a while.

9/27 The Brush Golf Team traveled to Sydney, Nebraska today for a golf tournament. Although no scores were kept, fun was had by all who participated. The Brush team was quite confident that if scores had been kept, they would have won, of course.

9/28The Brighton Golf Invitational was the place to be today for Junior Varsity golfers. They did fantastic, racking up a combined score of 370.

With Homecoming right around the corner, Student Council members had their hands full. Committee chairpersons gave their weekly progress reports on their respective committees. Student Council was in charge of putting together the parade, the powder puff games, royalty, decorations, the dance, and the bonfire. They also provided daily themes and activities during lunchtime in which the classes competed against each other.

for Junior Varsity golfers. They did fantastic, racking up a combined score of 370.

9/28 Estonia's Estline sank in the Baltic Sea, killing over 900 passengers, despite being thoroughly checked over before departure. The few who made it to the lifeboats survived, while others either drowned or froze to death in the icy waters.

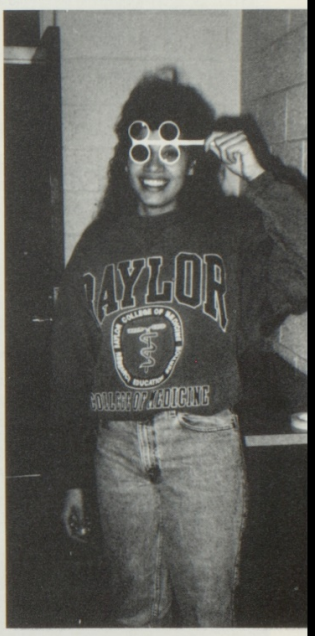

9/29 C-team Football players took on the Yuma Indians today on their home field. The Diggers played a good game but still lost to the Indians.

9/30 Wray's Homecoming was ruined by the Brush Varsity Volleyball team today. Despite several posters opposing the Diggers, they won, making it their only League victory.

The Physics class takes time out from their calculations to do a little something for the environment. Mindy, a three year participant of "River Watch", teaches fellow classmates, Chad Guthrie and Ryan Roark how to test for dissolved oxygen and alkalinity in water samples from the South Platte.

The Freshmen and new students had to be carefully checked over at the health screening on September 26. Tammy Lopez passed the eye exam, but only because she cheated.

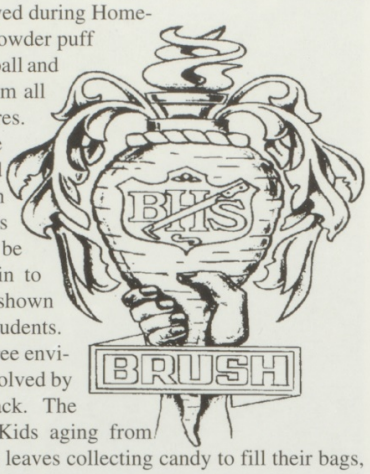

Beth Blake, Chrystal Hurd, Jackie Shavlik, Coach Eric Ruhl, and Coach Kurt Garbin watch a tense game at Wray. Although Brush was only leading by one point here, it didn't take the 'Diggers long to defeat the Eagles.

Nick White and Lyndie Bradshaw displayed excellent fashion sense as they sported the latest trends of fall. Plaid flannel and layers were in, as well as stripes and neutral colors. These two definitely weren't violating any fashion police rules.

October 1 - 3

The beautiful array of colors on the leaves of our trees signified the changes in our seasons. During the month of October, these changes of colors were at their highest point. During the month of October, these changes of colors were at their highest point. Colors ranging from marroon and gold to gold and black were displayed during Homecoming week. Class competition from tug-o-war to powder puff football hightens school spirit to an all time high. Football and Volleyball fire-up the sports season bringing fans from all over the county to watch rivals tear at each others scores. Homecoming week is not the only event that united the county's people. The annual Oktoberfest exhibited different styles of games, prizes, and dancing. Brush High School clubs sponsored many activities for funds towards different events. The aromas of food could be smelled from several blocks away,drawing people in to admire the Oktoberfestivities. As the shade of red was shown in our trees, it could also be seen on the backs of our students. Red Ribbon Week signified the promotion of a drug-free environment in Brush High School. Many students get involved by wearing different shades of colors from purple to black. The color black was also worn on Halloween night. Student Council continued to be one of the busiest clubs this year with the numerous activities they are in charge of. They did manage to have a little fun in between organizing the Homecoming, Snowball, and Sweetheart dances, the Mr. and Ms. Beetdigger pageant, the Dating Game, the Student Council retreat, the Mud Volleyball Tournament, and Spirit Weeks. They couldn't have pulled it off without the help of the underclassmen Student Council

Going on his eighth year at Brush High, "Rattlesnake" (how we know him) , or Mr. Larry Helburg performs his ever so famous Rattlesnake speech for the American History classes. 10/13 The Volleyball team took on the Yuma Indians. Varsity made a great effort and almost pulled a victory. They lost the first game in a close one, but the second game they creamed them. Forensics sponsor, Mr. Lowndes, advises Jessica Jordet in a meet at Greeley Central. Jessica entered in the Lincoln-Douglas Debate and placed second. Way to go!

Fall Cheerleaders were Heather Lopez, Tishy Dusseau, and Quintana Dearing. Each of them put forth a lot of effort and proved that they really cared. With only three, they still showed a lot of spirit and cheered their hearts out at every football game. They also worked really hard all season making locker posters and preparing performances and skits for the pep rallies.

GROUP HUG! FHA members, Carie Taylor, Jessica Emmert, and Becca Tebbs take a quick break to show their cuddly side after their ears were talked off in a leadership workshop at NJC. 2 ABC 5 JKL – 3 DEF 1 October

10/27 The end of the first quarter was scary and relieving all at the same time. It was scary because we all knew parent/teacher confrences were coming up and it was relieving because there was only three more quarters to go.

10/28 A three day weekend was well deserved by the students. No school on a Friday was a dream come true; however, the teachers were stuck at school slaving over a "hot" grading book.

Brian Budde and his mother, Ann, pay close attention to an Air Force representative at College Night. Both students from Fort Morgan and Brush attended the college bazaar to see what's up in the world of higher education.

By the time all of the leaves on the trees are long gone, the sound of lawn mowers turn into the sounds of snowblowers and the familiar football jerseys turn into basketball jerseys, a month called November rolls around. November brought a multitude of highlights and lowlights to our school, town, and even our world.

Our one and only Beetdiggers took home the 2A State Football Title after a game against Saint Mary's on Thanksgiving Weekend. It looks like all of the extra servings of turkey, stuffing and gravy really paid off.

November also brought the biggest swing in political power that this country has seen in over forty years. A fed-up public voted in the mid-term elections to replace many of the Democrats in congress with Republicans, giving the Republicans the majority in both the House and Senate. Only time will tell if our country will be any better because of it.

Earlier in November, a more solemn national event took place. Former President Ronald Reagan announced that he had been diagnosed with Alzheimer's disease. Both his supporters and opponents alike mourned the sad reality which life has a habit of tossing around.

November will be a month which will never be forgotten in the minds of all of us. From our Football Championship to the decline of a national figure, November of 1994's mark will forever be remembered.

11/4 Members of the STAND club went to Fort Collins for the annual STAND Conference.

11/5 Former President Ronald Reagan, age 83, sadly announced through a letter that he had been diagnosed with Alzheimer's disease, a brain disease which produces confusion and memory loss. Though the diagnosis didn't mean he would be dying soon, it did mean the beginning of the end for one of this country's most influencial figures.

Jamie Garvik and Carrie Musgrave enjoy a day of class in the sun. As winter settled itself in, days like this would become a rarity.

11/5 Our Mighty Diggers, to put it mildly, slaughtered Manitou Springs with a score of 41 to 0 at Beetdigger Stadium. This playoff game victory seemed to fuel a hope that our Diggers would reign as the 1994 2A State Champions.

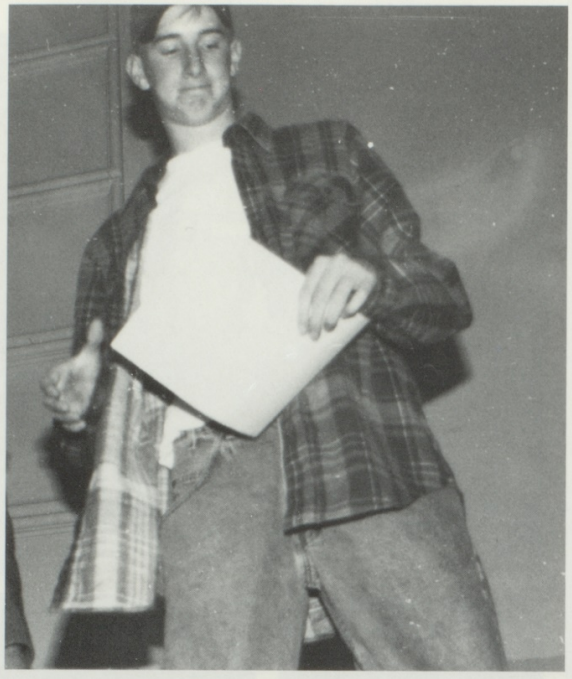

"Live from the studios of Radio in Fort Morgan, Colorado, it's The Digger Beat Show!" Sonia Mohrlang, Dave Gates and Shawn Cook (not pictured) brought the spirit of Brush High School into homes across the county every Wednesday afternoon. 11/14 Boys and girls Basketball as well as Wrestling practices began. While the girls team was practicing with their entire squad, the boys Basketball team and the Wrestlers weren't quite playing with a full deck, as many boys were still on the ever-winning Beetdigger Football team.

Fighting for extra yards, Brian Budde is tripped up by a Maniatou Springs defender. The game itself proved to be a small obstacle on Brush's journey to the State Title. Brush won the playoff game by the score of 20-0.

Ball handling drills kept the boys Basketball team's fingers busy, and running quick on the top of their toes. They, as well as the rest of the team, faced getting into shape after a leisureley fall. Not all players had such a fall though; as many were on the state bound football team.

Tim Dusseau gives explicit insturctions to Layla Maloney, telling her how to put the football gear on right. This was just one contest at a pep rally to get classes more involved in such events.

11/19 The Diggers played what many people called the "miracle game" in Brush High School history. They came back to beat the Monte Vista Pirates with only two minutes left on the clock. The team was nine points down and won the game with a score of 25-22. They advanced to the state championship game on Thanksgiving weekend aganist the St. Mary's Pirates who defeated Wray to advance.

11/21 A large crowd of Honor Society and Math and Science clubers stormed Denver and got up in the wee hours of the morning to take a field trip. The group visited DIA and the normal places like the IMAX theatre and the Tabor Center for lunch. Much of the school was gone on this trip, so for the rest of the sutdents, it was a slacker day.

11/22 The FHA held their annual Sunset Manor Dinner Dance in the Home Economics room. a good time was enjoyed by both the elderly people from Sunset, and the FHA members.

11/23 A pep rally was on order for the afternoon, this was to send off the football players who were to play the St. Mary's Pirates on Saturday. Coach Mills had a few inspirational words to get the team and the fans ready for the big game which would decide who was Number One in the Class 2A division.

Lindsey Strauch portrays Tituba as she is accused of witchcery in the play, "The Crucible". Lindsey was one of the seniors in the play who has participated in drama in every one of the high school years.

Chase Felzien, Derek Hoffman, and Ryan Roark hold off the strong defensive line of Monte Vista for long enough for Quarterback Matt Grupp to deliver the ball to a far distant receiver. Tim Ramirez and Brian Budde also have their work cut out for them trying to keep a defender off one of the key players. Brush went on to win the "Miracle Game" by just a narrow margin. Many people said, "Everyone was screaming so loud, I couldn't even hear myself scream."

Becky Crosthwait, Dave Gates, Chris Fox, Nick White, Sonia Mohrlang, and Seiji Okamoto read the gospel to rid the devilish spirits away from the room in one of the schools most controversial plays, "The Crucible."

Victory was captured as the Brush High School Football team beamed at their well deserved trophy for class 2A State Champions.

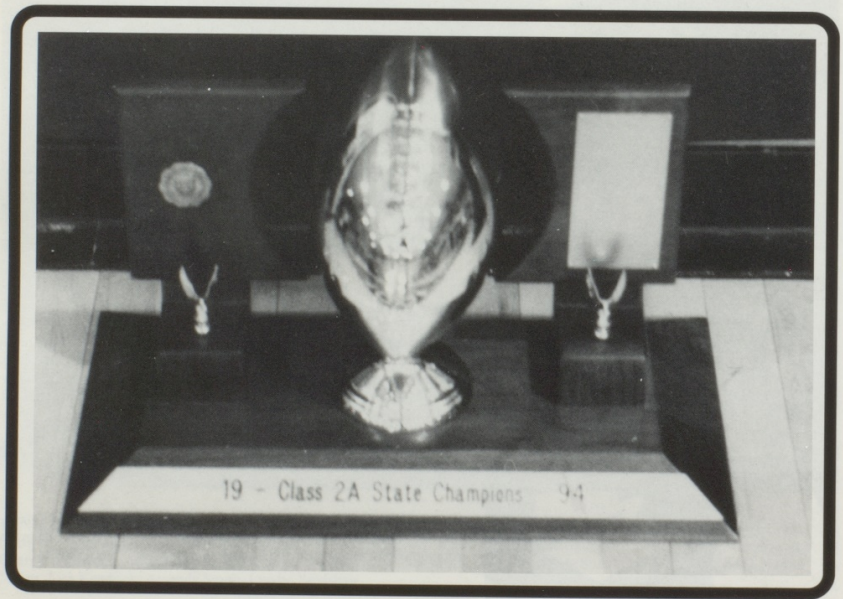

Caught in the spirit of the state game, Quintana Dearing along with the cheerleading team, pepped up the crowd while cheering on our Beetdiggers in yet another game to victory.

After the shock of winning, Coach Mills received the traditional drenching by the players. Despite the freezing temperatures, the cold water couldn't damper his spirits.

11/24 Yum, yum, yum and lots of fun! Brush High students were out of school today to celebrate Thanksgiving. "Turkey Day" brought many joyous events including eating the annual Thanksgiving dinner. Everyone enjoyed their three day weekend to digest after stuffing themselves full.

11/25 As the Football players were rooted on throughout their winning season. They were once again pepped up, at the pre-game pep rally, for the most important game of all: The State Football Game. The dancers, cheerleaders, and fans created a perfect atmosphere for the Beetdiggers to head to Manitou Springs.

11/26 The Brush Beetdiggers made it all the way to play on the State turf at St. Mary's in Manitou Springs. Even though it was many miles away, the loyal Brush fans made it to watch their boys grab the title for class 2A championships.

2 4 - 3 0 November

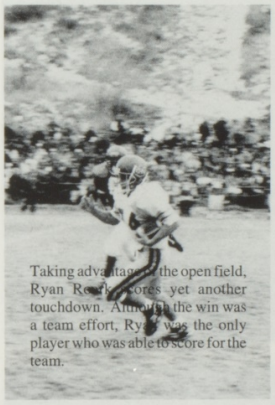

11/26 The spirit overwhelmed the Brush players and fans at the after game pep rally. Many gathered to cheer and congratulate the victorious players after playing an awesome game. Our seniors gave their thoughts and Shawn Cook gave his hair, but all in all everyone put forth a lot to make it all the way!

11/29 Famed cannibal and mass killer died today: Jeffrey Dahmer. He was known for killing seventeen young men and boys, and was beaten to death by another prisoner while serving life in prison.

11/30 Sentenced three years in prison, Dirk Anderson, who was from Tallahasee, Florida, was charged with aggravated assault after pummeling his art teacher's face when she told him to stop disrupting the class.

Taking advantage of the open field, Ryan Rose scores yet another touchdown. Although the win was a team effort, Ryan was the only player who was able to score for the team.

A bet wasn't the only thing that Shawn Cook lost after the victory. The football players enjoyed shaving his head at the pep rally.

Capturing the attention of everyone, the Football players' parents decorated the bus, impressing not only the Brush community but anyone who saw it.

The Dial Tone of High School

The Sophomore class attempted to win some of the activities this year, including the Red Wagon Races. They thought they had a chance since they were no longer the underdogs.

Class of 1997

"I can finally drive myself to lunch"

Beginning the year as a Sophomore, all the newness of high school has worn off. You are still without upperclassmen priviliges, and the future just isn't looking bright. It's kinda like picking up the phone and hearing the dull sound of the dial tone droning in your ear. But just as you can stop the dial tone by calling a friend, you can eliminate the dullness by getting your license, or making the most out of your Sophomore year. Sometimes the Sophomore class has a hard time getting involved in activities because they have no huge responsibilites, but that will all change next year.

Although the Sophmores didn't have many activities to contend with, their class officers were there when classmates needed them. The officers included President Joe Rosenfield, Vice President Tim Dusseau, and Secretary/Treasurer Jenniffer Connelly.

Please Hang Up and Try Again

Initiation, which is a memorable part of a Freshman's first year at High School, was cut short this year by the administration. They survived initiation, and ended up having to serenading the Senior class at a pep assembly, but got off free from the other three days of humiliation.

Class of 1998

"I'll never forget freshmen initiation."

The freshmen, not knowing their locker combination or where their classes are, can only remind us of hearing the familiar phrase: "Sorry, the number you have dialed has been disconnected. Please hang up and try again." They had to try over and over again to get the school song right or possibly bum a ride off of their older friends for lunch. But no one ever hangs up on the freshmen. No matter where you go or what you do, they are always in some conversation, usually at the butt of jokes.

The officers for the freshmen didn't have many responsibilities to contend with, but they did get a head start on the upcoming three years of activities. Acting as president was David Mitchell, vice president Mike Floyd, secretary Ronny Edelen, and treasurer Krista Ford.

If You Call Upon a Junior, the Signal May Be Busy

Junior class officers, and helpfully creative class members, worked on planning the Junior/Senior prom throughout the entire school year.

Class of 1996

"I went to my first big bash this year."

Being a Junior is possibly the busiest year of High School. Not only are some people trying to get as many classes crammed into their schedule as possible, they also are trying to be as creative as they can for the 1995 prom decorations. They have begun to feel the pressures of choosing a career and deciding on a college to attend. The feared ACT test haunts each student as they continue to put off the inevitable task of taking it. Little do they know that their troubles and worries have only just begun.

Making the critical decisions for the class are President Brian Budde, Vice President John Brill, and Secretary/Tresurer Jamie Kelly. They are supported by a talented steering committee which includes Chris Fox, Michelle Garrett, Jennifer Janzen, Christie Jones, Jean Jordet, Sonia Mohrlang, and Phil Washburn.

January 1 - 12

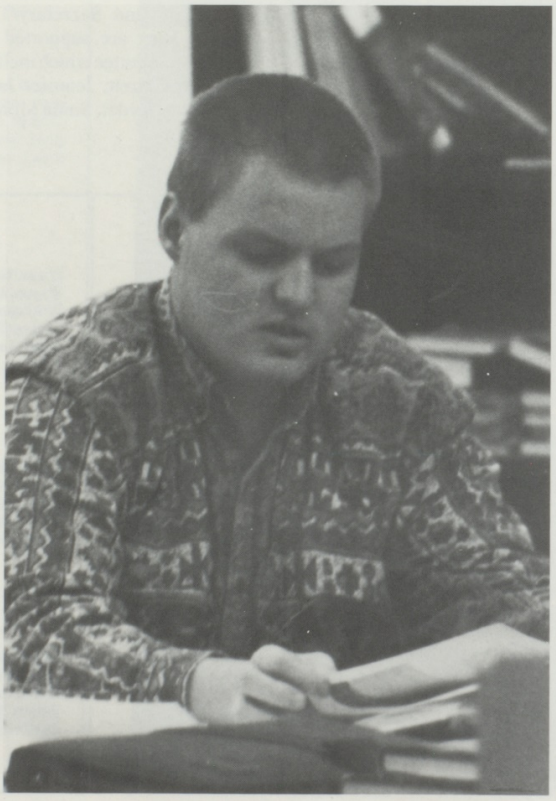

As January and the new year began, the first semester at Brush High School drew to an end. January is a very busy and important month at Brush High School; shortly after Christmas break came to an end, so did the semester, followed by three days of semester exams. For some, the tests and the school work were the most memorable time of the year. For others, this was a nostalgic period in which the most momentous times are riding behind a friend's truck in a sled going sixty-five miles-per-hour, building a snowman, or some other activity meant to soothe your inner-child. Whatever way you look back on this time of year, there are two things for certain; first: you were there; second: memories, whether they be good or bad, you have them.

Basketball for both the girls and the boys winds down to a close. The basketball teams prepare themselves for final games and an ending to the season they all love to hate. The wrestlers prepare for state and their chance to make a name for themselves in the midst of hundreds of other talented wrestlers. Track starts and with it the relentless pushing from the track coaches to run, run, run, or for the weight-men to lift, lift, lift. The first track meet takes place in February and gives tracksters a chance to find out what they need to work on and where they stand amidst their opponents from other schools.

March 1 – 9

March is a very refreshing month. It is the month during which spring begins along with the Baseball and track season. Baseball and Track are a nice change after all of the inside sports such as Basketball and Wrestling. During March we have only one measly little holiday, Saint Patrick's day, but we make up for that with our week long spring break. Spring break gives us a chance to rest our weary minds, but in the process it also gives us spring fever. The Brush students are starting to count down the weeks , days, and hours until school lets out. The seniors are separated from the "real world" by only two months, and the rest of the student body is left victims of the viciously lazy senioritis virus.

The countdown was underway, and the plans for a memorable spring break were keeping the wheels turning in the minds of both students and faculty. Good weather led most spring time vactioners to the outdoors whether it

April

April showers bring May flowers, or maybe wanting out of school. We got closer to that time that many look forward to. April is a time when everything was new again, everyone broke out the shorts and t-shirts, the flowers started budding, and the change in time means that summer was drawing near. Mother Nature was "Making the Connection" to everyone that it was time to enjoy the outdoors. Track and baseball were all over the state by now, and all of a sudden, people thought it was time to go swimming. It's also time when you parents got that semester update on how you are doing in your classes. It is hard to believe, but it's going to come. That time when everyone breaks off for the summer and works hard to enjoy all that great weather.

Then tragedy struck in Oklahoma City with the deadly truck bombing. 176 people died in this devistating explosion in the Heartland of America.

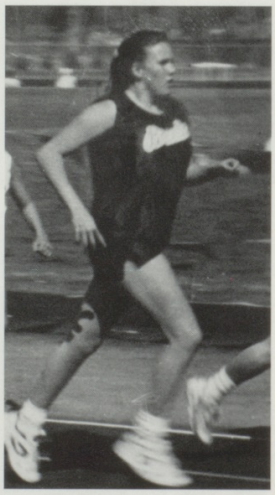

We had our first snow day of the year, and got enough to where everyone could go sledding. This meant that everyone had to break out their winter attire for the rest of the month. It continued on the cold spell and we had one of the wettest months on record. We had so much rain, that it was very difficult to keep our cars clean. April will always be remembered as a month of change.

4/1 The "No Mercy" Brush baseballers shut out the Huskies of Highland with scores of 10-0 in the first game of the double-header, and 12-0 in the second game. Pitcher Bart Erosky allowed only two hits during the entire day.

Local business personalities Orin LaGree and Linda Kolman of Brush Market recieved the pretigious Colorado Outstanding Friends of FHA Award. Many of the members of the Brush FHA came away with top honors at the Conference. There were several silver medals presented in areas from community service to child day care.

4/2 Daylight savings time really screwed everyone up. Everyone was late to church, or missed it all together. Some people, though, made up that hour by sleeping in longer or taking a nap in the afternoon.

4/2 The baseball strike is officailly over with the postponement of opening day to the end of this month. Many people in the U.S. were very relieved to get back the national past-time.

Dr. Prascher, a representative for the Allied Health students of MCC, tries to persuade the Board of Education that the play "Secrets" is a very good idea for BHS and the students of our school. Mandy Thornton, with her 'hood-up' style, shows the world how she keeps warm during cold track meets. The ability to keep warm before and after their events was vital to the success of tracksters this year, as many meets were blanketed with freezing rain and cold winds.

4/11 Tracksters went to Highland and won by a long shot, both girls and boys. Quadrangulars usually require a bunch of Tracksters who do four events and of course Brush usually took first.

A large part of the track team's success relied on technique. If a sprinter can master the technique of starting blocks, they can easily shave a valuable second off their time. Joey Prather demonstrated supurb block technique while Nicole Balderston tackled the crucial task of reinforcing the blocks.

4/22 "Infinity" was the Prom theme, and this definitely went well with the 1995 Prom that will be remembered forever. Many people were dressed their best, while others came in their everyday clothing to join in the fun. Many went with their friends, while others went by theirselves, making this prom a very significant one. As a lot of people were nervous and sweaty after the grand march, a few were cooled off after falling into the fountain, which was there for decorations. Even though their prom outfits were soaked and smelled a little fishy, everyone had plenty of fun in the night filled with excitement.

Dave Gates gets a little help with dressing from his prom date Nikki Agosto. Dave was probably not the only guy who had troubles putting everything that came with their tuxedos in its proper place.

Senior had to deal with on a day to day basis. Oh, the headaches and worries were almost unbearable! As the senior countdown got smaller and smaller the excitement kept growing and growing. Go here! Go there! Do this! Turn those in! Things were so crazy and everything was in such a blur, and then WHAM! It was all over. It was the last day for Seniors and when the day was finally over and the craziness stopped, it was a screeching halt to freedom. The freedom to start paying your own bills, paving your path to a career, create your own debts, and then the headache starts all over again! But always making the connection between the BHS class of 1995 will be the memories and adventures that will lead us to our destinations, whether it be along the sunny coast or high in the snow capped mountains or anywhere in between. The connection is loud and clear and the lines of communication will be open for years to come.

Making The Connection

May 1 - 9 WXY

The month of May brings the past school year to its closure. Teachers tried one last time to make the connection between right and wrong, but the excitement of summer was in the air and you just couldn't keep anyones attention.

The month was filled with times of excitement and times of frustration... with the Baseball team,an excellent acheivement. The team played a super good season despite their loss of 2-1 to Platte Valley at the regional tournament. And the Track team succeeded in an astounding season winning most of their Saturday meets and both boys and girls conferences at Regional and State competitions.

With the years memories now behind them, yet always with them, students move on to other challenges...but never forget the good times they all created together.

Michelle Toth was one of the many to run in the nonqualifiers meet to get points to be able to letter in track.

5/1 Folklore had long regarded garlic as good for you. It had been evident that the garlic killed cultured human cancer cells in labs. But then later found to shut down or kill human colon cancer cells transplanted into mice. Also the saturated fat in chocolate was found to be not so bad after all and actually lower cholesterol.

5/1 Brush High School sent seven students to DECA Nationals in St. Louis. Competitors were Erika Queen, Greg Dupps, Rachel Jungwirth, Ronda Coad, Jill Colburn, Colleen Kral, and Charity Thompson who submitted a manual. The other six earned the right to go to a leadership development academy. The seven members also enjoyed an exciting day at Six Flags as they rode the terrorizing Bat-Man hanging roller coaster!

Holly Teter stopped her activities to hold up a sign as she celebrated Cinco de Mayo in her spanish class.

With every sinew in their muscular [illegible] stretched to its ultimate limit, Nathan Rodrigues, Preslin Ward, and Wade Garett tried desprally to reach the finish line before their opponents in the nonqualifiers meet.

Dave Vondy strived to improve his grade as he worked productively in Algebra. Studies became difficult towards the end of the school year, as students were ready

5/3 Honor Society took a field trip to Marietta Lockheed. They saw how Titen Rockets were made for the space program along with other interesting projects. They later went to the I-MAX and watched a movie on Yellowstone.

Dave Vondy strived to improve his grade as he worked productively in Algebra. Studies became difficult towards the end of the school year, as students were ready to begin a summer of fun

May 1-9

5/5 Cinco de mayo. The first day of the mexican revolution. BHS students celebrated it in their Spanish classes. They brought traditional mexican dishes, and some students put on traditional mexican dances.

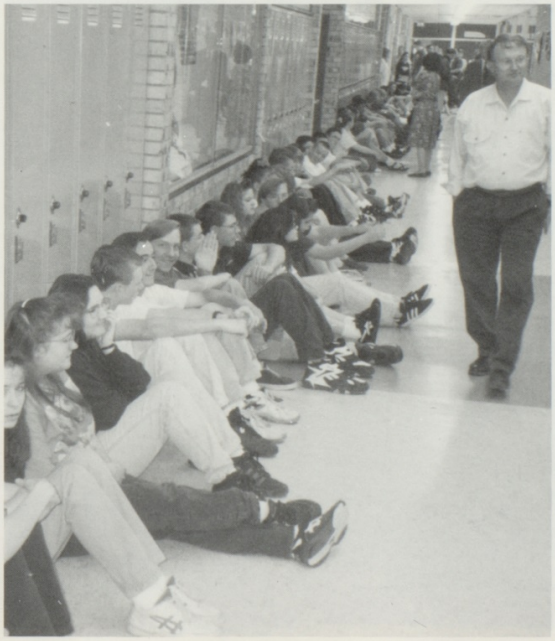

5/5 Brush Student Council Elections began with small skits and speeches given in front of the entire school by the candidates to give the students reasons why they were most qualified for the positions they were running for.

5/7 Deca members brought friends and family to a small barbacue with tons of tacos, awards, and recognitions for the members who lettered in Deca. One of the only vocational groups to award it's members who lettered.

5/9 Nonqualifiers track meet. Nonqualifiers for state got to participate in their last track meet.

5/11 Music students graced the stage with their presence and their talents at the auditourium in the Spring Awards Concert. For the Senior musicians this was their last chance to display their musical talent.

Adam King consoles Jerome Rocha, as do Dale Goff and Dan Prasher after a bitter last second defeat in the Mile relay at the State Track Meet. The relay team was in a clear first when just at the end the second place runner tripped Jerome Rocha just meters before the finish line, the relay went on to take fifth.

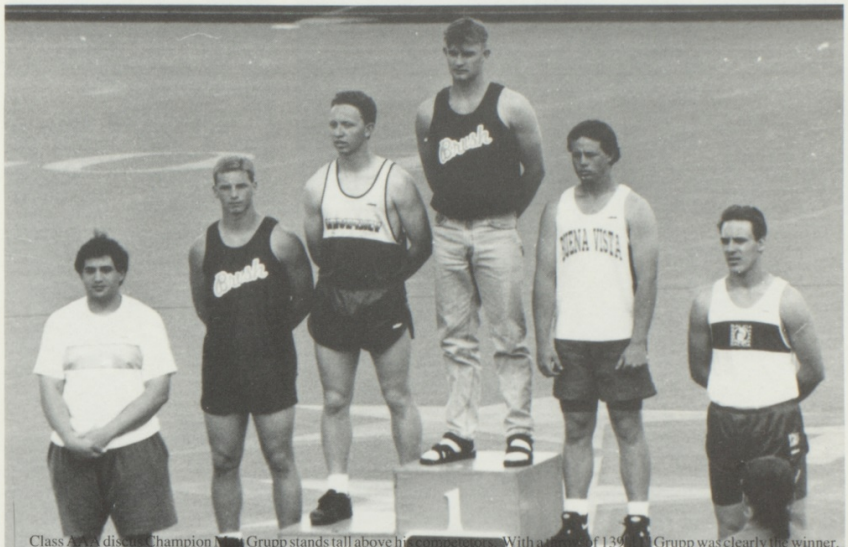

Junior Carrie Barnett takes some time out from her busy schedual to enjoy a game of dominoes in the library.

5/12 Seventeen of the best Tracksters left for two days of strenuous compition at the State Track Meet in Thornton Jeffco stadium. After all was said and done the Diggers came out with two State Championships: Matt Grupp and Angie Aydealott both in the discus.

5/16 Try outs for next years fall play "The Diary of Anne Frank" were held in the auditourium and latter in Mrs. Blickhahn's room. The Drama club wanted to get an early start on the play due to the difficulty of the play.

18-20 May

5/20 This morning dawned both happily and sadly. Sadly because the 1995 Senior graduates will spend their last, formal day at Brush High School. It is a happy day also because it is the beginning of a whole new life for the Seniors, and with this new life many new doors will be opened to them. Today is graduation and with it begins a whole new world. Many of the Brush Senior graduates will obtain jobs and work at these jobs for a year or so before going on to collage. Some of them will go into collage fresh out of high school. With all of the decisions that face these graduates we hope that they will choose the right ones and have a long and prosperous life.

The JV Baseball team of 1995

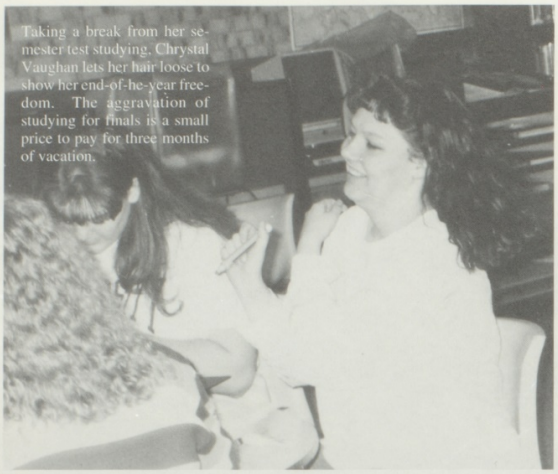

Adam King and Matt Friehauf get rid of some of their energy after sitting through their graduation ceremonies.

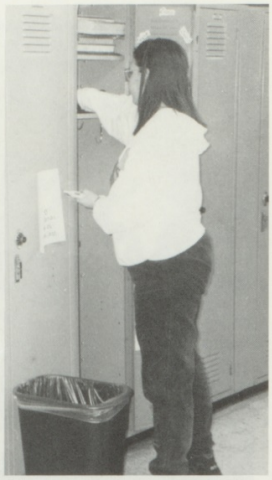

Charity Thompson gives her graduation speech to her fellow students and their proud parents.

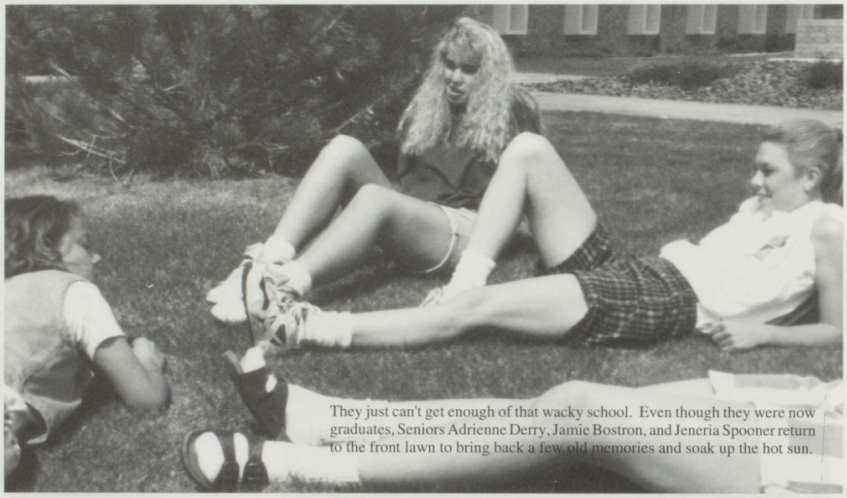

May 21-31

Emptying her locker for the summer, Laura Vaughan throws a few unneeded things into the trash. It's tough saying goodbye to your locker for the summer, but Laura knows she'll get to see it again soon enough.

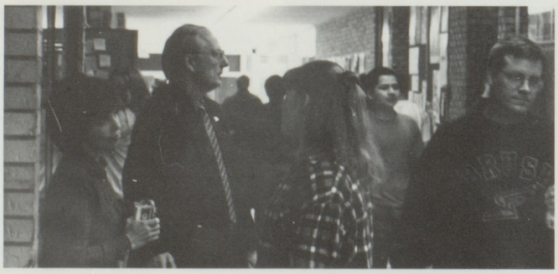

Taking a break from her semester test studying, Chrystal Vaughan lets her hair loose to show her end-of-he-year freedom. The aggravation of studying for finals is a small price to pay for three months of vacation.

They just can't get enough of that wacky school. Even though they were now graduates, Seniors Adrienne Derry, Jamie Bostron, and Jeneria Spooner return to the front lawn to bring back a few old memories and soak up the hot sun.

Mrs. Perry and Christina Jones say a last goodbye in the hall as those around them hurry to get out for the long awaited Summer Vacation.

One last ride on the old yellow bird. Kendra Vondy gets ready to board one of the last buses out on one of the last days of school.

5/21 There is no greater thrill in life than to make fun of the one you love. . .especially when that one is our own Mr. Sumner. After years of faithful service to our school, Mr. Sumner was sent off to retirement with a roast at The Carroll Building. This roast marked the end of an era at BHS. Mr. Sumner will not soon be forgotten.

5/22 The baseball members met for one last time to recap their dynamite season and to sample the exotic cuisine at the annual Baseball Awards Banquet. Highlights at the banquet were the enchilada casserole, the baked beans, and the spaghetti, and meatballs fun crock. Everyone enjoyed themselves at this last sports banquet of the year. All-Conference players included: Bart Erosky, Matt Friehauf, Chony Garcia, Chad Gutherie, and Ryan Roark.

5/23 DAY ONE: The virtual death spiral known to the world as second semester tests unsheathed its glistening sabre and poised itself for the mighty and bloody battle ahead. Many victims assembled in the commons for a last fling at the old testing table.

5/24 DAY TWO: The infamous second day of semester finals brought fourth more destruction and horror than ever thought possible by the many fleeing innocents who were caught in the fiery blast. As each testing period passed by, more and more helpless students were pulled under into the pit of infamy. Those lucky enough to escape the hell were few and far between.

For some strange reason, foot bag became very popular over the last few weeks of school. Brett Stevens, Ben Remington, and Scott Schreiner decide to jump on the foot bag bandwagon with a game in the courtyard on a sunny day.

into the pit of infamy. Those lucky enough to escape the hell were few and far between. Those not robbed of their lives could hold on to the fact that only one more day remained.

5/25 DAY THREE: By the end of the day, the murky storm clouds had passed, and in their sad path lay only the meager remnants of destroyed report cards and test papers. Those still living came out of their hiding places to bury the dead and mourn; however, all was not grim. A school year had passed, and the Finals Beast would not be back soon. Near disaster had been avoided, and the wounds would soon heal. The survivors needed only to rejoice in the fact that sun shine was on its way; then all could bask in its happy delight.

5/26 Students aren't the only ones who enjoy the summer; teachers have to take their fill, too. And so they did as teachers were released from their last day of work.

5/29 It's a time to take off on a road trip with the family. It's a time to spend afternoons taking in the sweet smells of hamburgers roasting on an open flame. It's a time when you have to see that Uncle Eddie who no one in the family will ever talk about. It's Memorial Day, and this years Memorial Day was not any less than expectations.

The end of the school year has always been perceived as several weeks of goofing off, but end-of-the-year tests and finals keep most people on their studying toes. Trying to find a balance between work and play, Jennifer Connelly takes in some of that end-of-the-year studying during one of her classes as a ruckus goes on all around her.

Although the last week of school can be painful and merciless, Mr. Gabriel's Conceptual Physics class shows that we can still have fun in the brunt of finals. Taking a break from the old la-dee-da, his class gathers around to take a look at one of Mr. Gabriel's famous demonstrations.

Sorry, you have been disconnected... Disconnected from your friends, your teachers, and all of your school days of the 1994-95 school year at Brush High School. You may not check the number and try again, all you have is your memories.

When the 1994-95 school year ended, we all left with a feeling of being disconnected. For the seniors, they would never be put back on the high school line as they prepared to start a job, go to college, or just relax without the stress of high school life. Their feeling of being unhooked was stronger than most, as they tried to prepare for their future while holding on to their past.

For the rest of us, the oncoming summer holds endless good times. We all have the capability to put school on hold while taking care of a few stress-reducing activities such as summer sports, swimming, afternoon naps, and camps.

And during the summer months and all of the months and years afterward. We will always hold our memories of a unique school year, and all of the good times we shared. From Freshman Initiation to Graduation, and all the events in-between, we were all living those events together and will always have them recorded in our minds.

The school year was just like a phone call to a best friend; it was a lot of fun, but it must end. All we have left is the deafening buzz of a lonely dial tone ringing in our minds, and our memories of our times during the 1994-95 school year. Keep the memories, and we'll be back with you as soon as possible.

Thanks for calling! Keep in touch

1995 COLOPHON
