The administration of the RE 2-J school district was restructured this year. Robert Kilzer took over the duties of the Superintendent of Schools, and Ronald E. Prascher accepted the office of Principal at Brush High School.

Robert Kilzer started his administrative duties September 5, 1970, with the cornerstone laying ceremonies. Paul Stimson presided as Master of Ceremonies while the Masonic Lodge conducted the official ceremony procedure.

Composing the RE 2-J Board of Education were Glenn Swinson, George White, Raymond Paulsen, Morton Boxer, Allyn Wind, Donald Ruhl, and John Lindell. The board has been overseeing the progress on the new school.

New Administration Completes First Year

Prascher Holds Position as Principal for '70-'71

Mr. Ronald Prascher fulfilled the duties of principal for the 1970-71 school year to complete his first year at BHS.

Mr. Prascher started as a teacher of math, chemistry, and physics in Maywood, Nebraska during 1962-65. In 1965, he was appointed Principal of Maywood High School; this office he held for one year. During the time of 1966-69 he held the job of superintendent of schools at Wilsonville, Nebraska.

Mr. Prascher said "I was thankful for the co-operation of faculty and students in making this a successful year. In my work as principal I have appreciated the co-operation and interest demonstrated by parents." He also stated that since coming to Brush he and his wife were impressed by the warm impression they received.

53 Years of Successful Service

With the ninety-five members of the Class of 1971, the total number of students having graduated from Brush High School since 1900 was brought to 2,889. The buildings at the end of Clayton Street served for fifty-three of these years, and it was with pride that the Class of '71 was the last to leave the halls of Old Main as seniors. To those 2,889 we dedicate this yearbook, yet those who come after them will have no less of an honor graduating from the new high school.

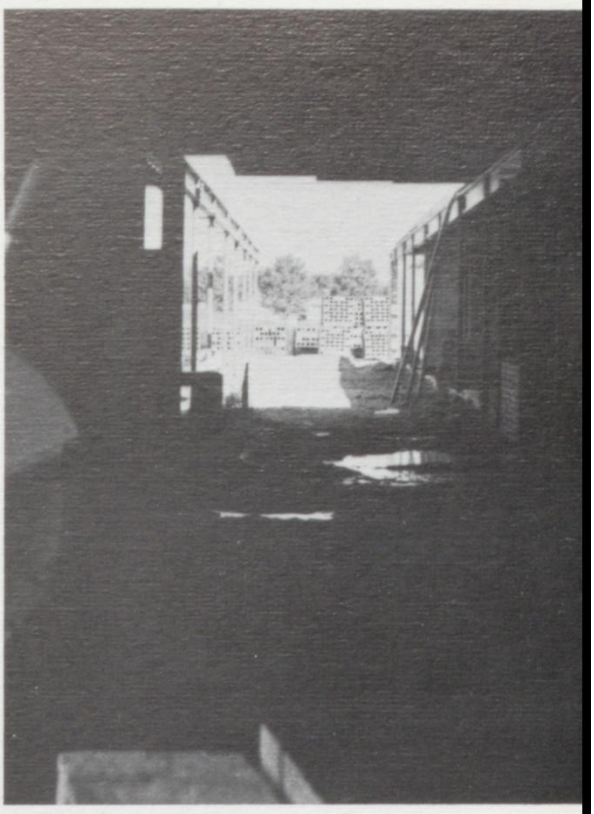

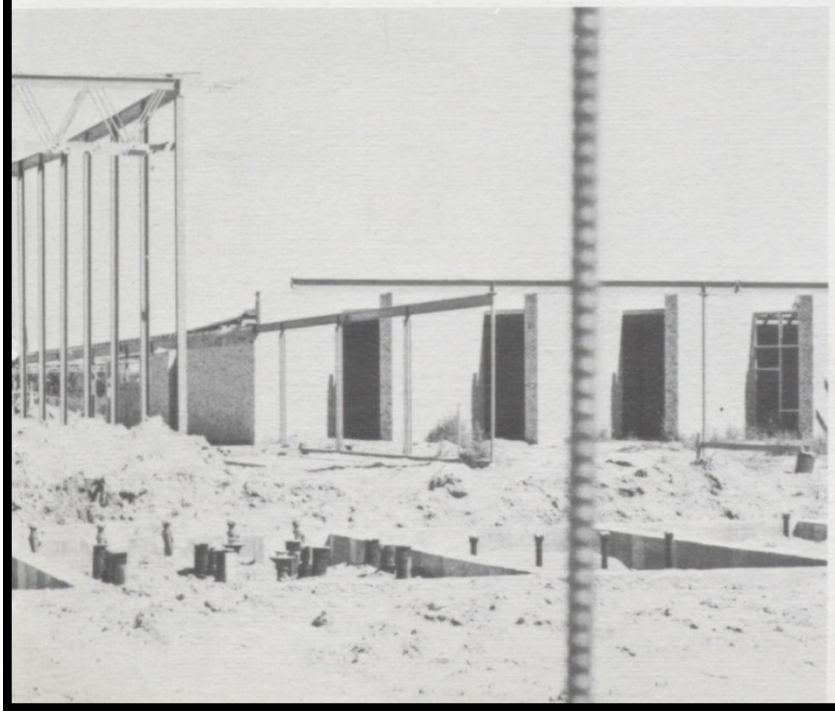

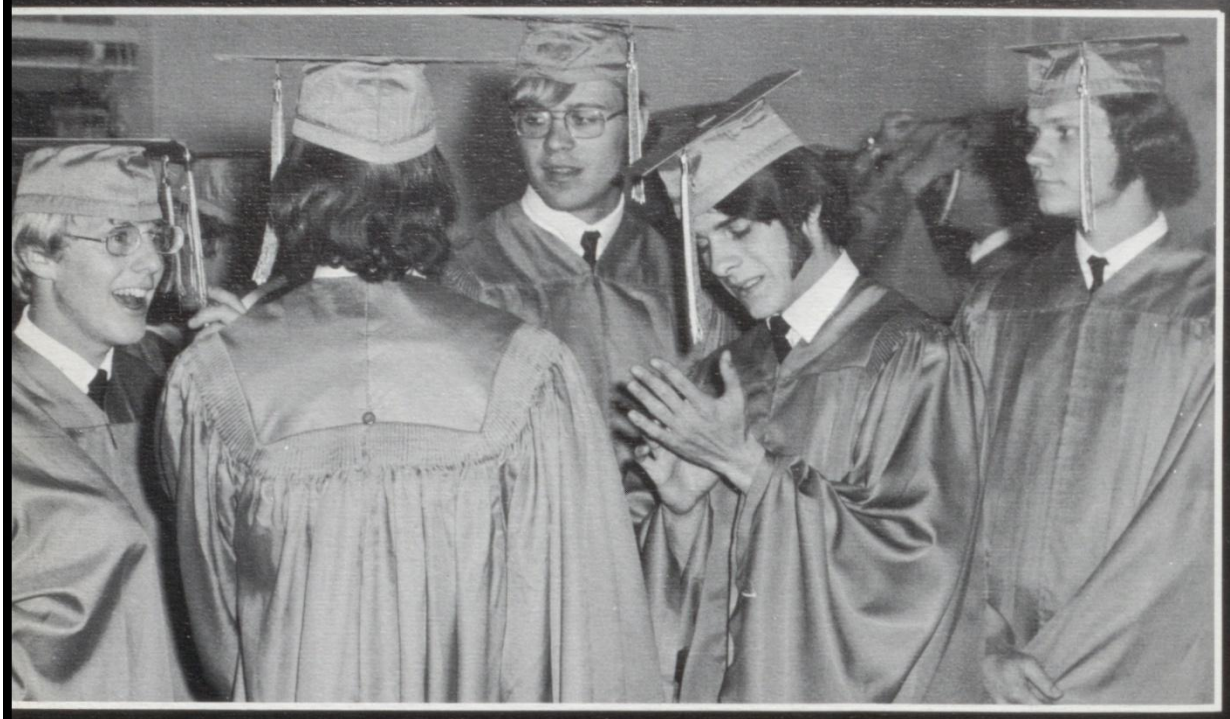

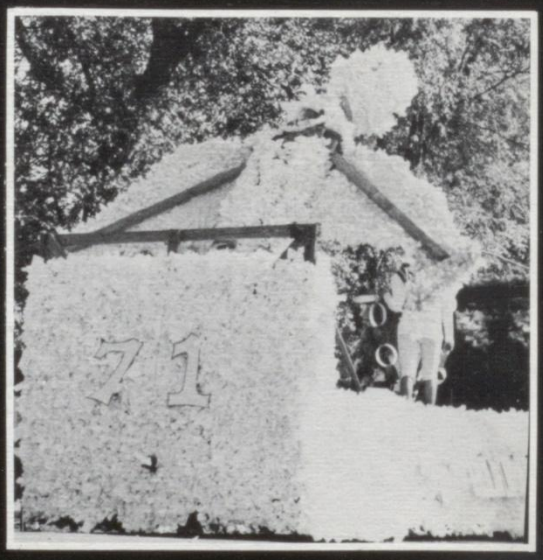

New School Under Completion

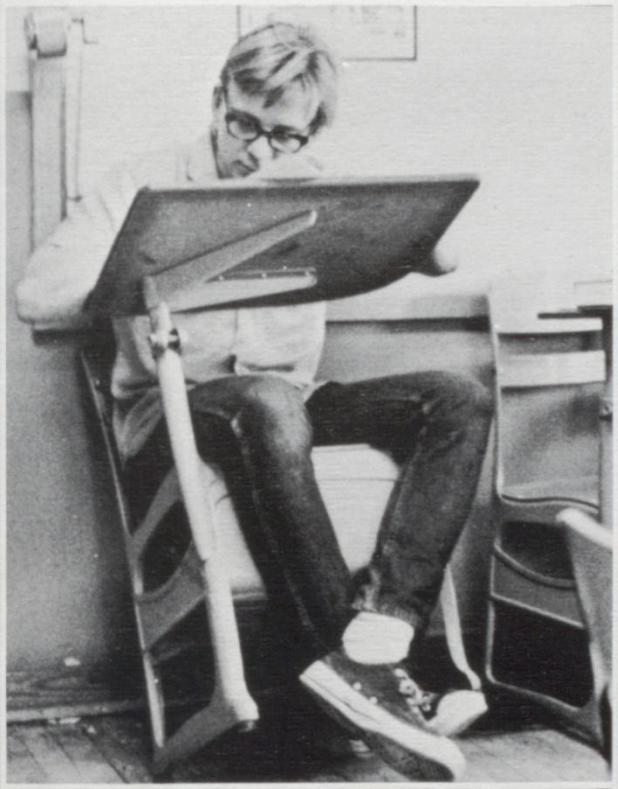

SENIORS

During the year, the Class of '71 showed much enthusiasm toward school events in which they participated. At Homecoming they captured first place for the third consecutive year. They also repeated their honor once again at the Christmas Assembly by tying for first in the skit.

The Prom, given by the juniors, honored the graduates and the traditional May Breakfast was given for the senior girls and women faculty members. One of the few times the senior class was surpassed was when they were topped by the juniors and sophomores on Digger Day.

Baccalaureate and the Awards Assembly were held the week of May 23. The moment the class had worked for four years finally arrived when, on the night of May 27, 95 seniors were handed their diplomas.

'71 Graduates Last to Leave BHS

Under the supervision of Mrs. Claire Lynch and Mr. Albert Moser, the Class of '71 began preparation for their final year at BHS. Class officers were Robert Mata, president, and Kristi Mann, vice-president. Ina Matney was chosen to handle the books, while Rick Catron balanced the funds.

Off to a fast beginning, the seniors once again placed first in float competition at Homecoming. This was the third consecutive year that the Class of '71 captured the honors. Changing tradition, this year the Drama class presented readings during the choir's Christmas production.

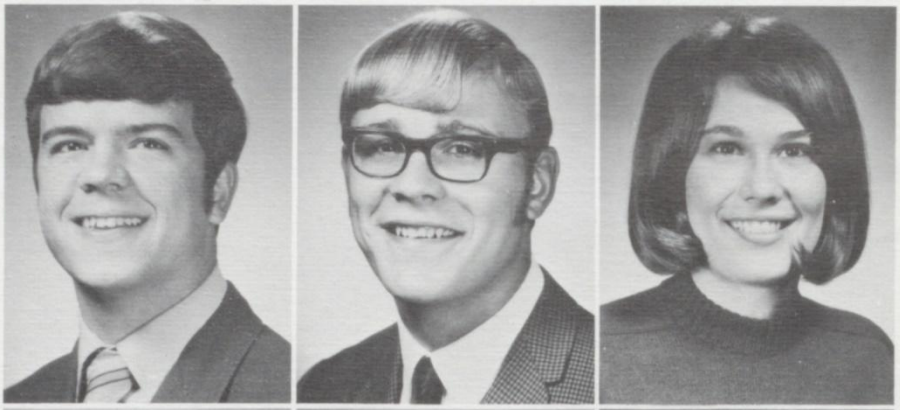

Seniors were once again guests of honor at the Junior-Senior Prom, "The Four Seasons of Camelot", where senior royalty was crowned. This was the first activity which marked the final flings of the graduates in the month of May. Following Prom, the Senior Girl's Breakfast was held on May 8, sponsored by the Woman's Club of Brush.

The winding up of the year's events was Digger Day in which the seniors placed third. Baccalaureate was held May 24; then, finally, approximately 100 seniors walked down the aisle on May 27, 1971 to receive their diplomas.

JUNIORS

At the beginning of the year, the junior class started earning money for the Prom by selling concessions at the football games. At Homecoming, the float constructed by the Class of '72 placed fourth.

In the contest for school spirit, the juniors took third for "Spirit Links", while highlighting November was the Junior Class Play, a comedy called "January Thaw".

As the months went by, the hard-working class tied for a number one rank at the skit presented at the Christmas Assembly. In the spring, the juniors were kept busy with the Prom and Digger Day, in which they took second place.

Juniors Present Play and Prom

Enjoying the status of upperclassmen for the first time, the juniors began the 1970-71 year by electing Steve Gnagy as class president and Mike Cook as vice-president. Cleta Brooks and Velma Warner filled the offices of secretary and treasurer, respectively. Along with the class officers, the class of '72 was also represented by Miss Young, Mrs. Woodward, and Mr. Edson as class sponsors.

Placing fourth in Homecoming Float competition, third in the selling of Spirit Links, and tying for first in the presentation of their Christmas Skit, the juniors worked toward points for Digger Day.

In order to put on Prom in May, the class of '72 presented the Junior Class Play, entitled "January Thaw". To further expand their treasury, the juniors also operated the football concessions.

UNDERCLASSMEN

By definition, an underclassman is one who is a freshman or sophomore in an educational institution. The freshmen, entering BHS, are unsure of themselves and a bit nervous when faced with the problems high school presents. Suddenly competition is keen, and sports and studies begin to occupy their time.

When they have reached the sophomore level, the adjustments have been made and the students prepare for another year ahead. With a better knowledge of the " tricks of the trade", the sophomore gains confidence and joins in more competition. The Class of '73 proved themselves to BHS by working hard to move ahead of the upperclassmen to capture first place on Digger Day.

119 Students Complete Second Year

Sophomores, this year, were sponsored by Mr. Richard Kuhl and Miss Lorraine Young. Kevin Meier, Carol Paynter, Debbie Foos and Luann August served for the offices of: president, vice-president, secretary, and treasurer, respectively, out of the class of 119 students.

In the Homecoming float-competition, sophomores took second place with their football float. They were awarded third place for their Christmas skit. Their other activities this year included such money making projects as: selling Brush High School t-shirts, running concession stands and holding cake raffles.

Freshmen Meet New Challenges

Led by Mrs. Pauline DeJong and Mr. Don Gabriel, the Class of 1974 completed their first year at Brush High School. Chosen as the president of the class was Paul Beckley, with Delores Ramirez as the vice-president. Kathy Elling was elected to handle the secretarial duties, while Brenda Scoville was chosen to head the treasury department.

Sessions of orientation were attended by the entire class during the first two weeks of school. Here the new students learned of the opportunities offered to them and also the code of regulations and rules.

Many new challenges and experiences were brought to the Freshmen during the rest of the school year. They entered a Homecoming float which placed third, sponsored a sock hop, and participated in other money making projects.

ACADEMICS

The purpose of any educational institution is to provide learning for its students, and such was the aim of the BHS academic program for the 1970-71 year. A wide variety of courses such as science, math, history, English, business, music, and vocations was offered for study to the four classes and on individual levels.

As in the past, many of the courses were put on semester or quarter schedules. For the vocationally interested, several new courses were offered by Morgan County Community College and Northeastern Junior College.

As school ended with a barrage of finals, it could be said that another academically productive year had drawn to a close at BHS.

English Continues on Quarter Basis

Under the direction of Mrs. Margaret Queen, the English Department once again put courses on a quarter basis. Literature, composition, and grammar composed the basic curriculum with mass media and word building also included. Mrs. Evelyn Goddard, Mrs. Claire Lynch, and Mrs. Phyllis Woodward returned to the department and Mrs. Pauline DeJong began her first year as a BHS faculty member.

Mrs. Queen taught courses ranging from mythology to individual reading, with etomology included. Her classes consisted of freshmen, juniors, and seniors.

Mrs. Goddard instructed every level of literature, composition, and grammar offered. In addition, she taught mass media and speech. Under her direction, the speech class attended meets in Burlington and New Raymer. They came home with a trophy after winning the overall competition at at the New Raymer meet.

Mrs. Lynch taught mostly junior and senior courses. These included two American literature courses, junior composition, mass media, developmental reading, and drama.

All sophomore classes were directed by Mrs. Woodward. Her literature classes read IVANHOE, OLD MAN AND THE SEA, and LOST HORIZON.

Mrs. DeJong started off her first year by instructing most of the freshmen classes, and two American literature classes. These were literature 30 and 31 and were open to juniors and seniors.

Young, Bisbee Join Math Department

Operating on a co-chairman basis, Miss Lorraine Young, Miss Paula Young, and Mr. Thomas Bisbee offered various subjects in the field of mathematics. Although just one year is required to graduate from BHS, many students chose to continue in subjects of math in order to meet their future needs and plans.

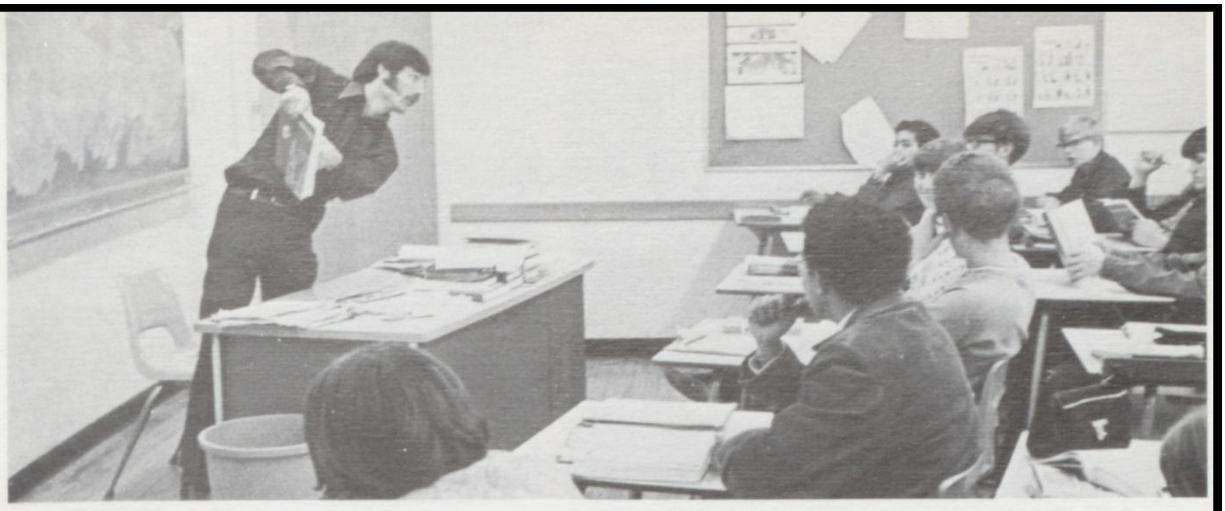

Miss Lorraine Young instructed three Geometry classes, and two periods of Algebra I. Mr. Bisbee directed a group in Introductory Algebra, an Algebra I class, and two periods of Basic Math. During her first year of teaching at BHS, Miss Paula Young instructed one class of Algebra I, two periods of Algebra II, and two Math Analysis groups. In addition, Mr. Schweers returned to BHS second semester on Tuesday and Thursday evenings to teach Calculus Seminar to seniors also taking Math Analysis.

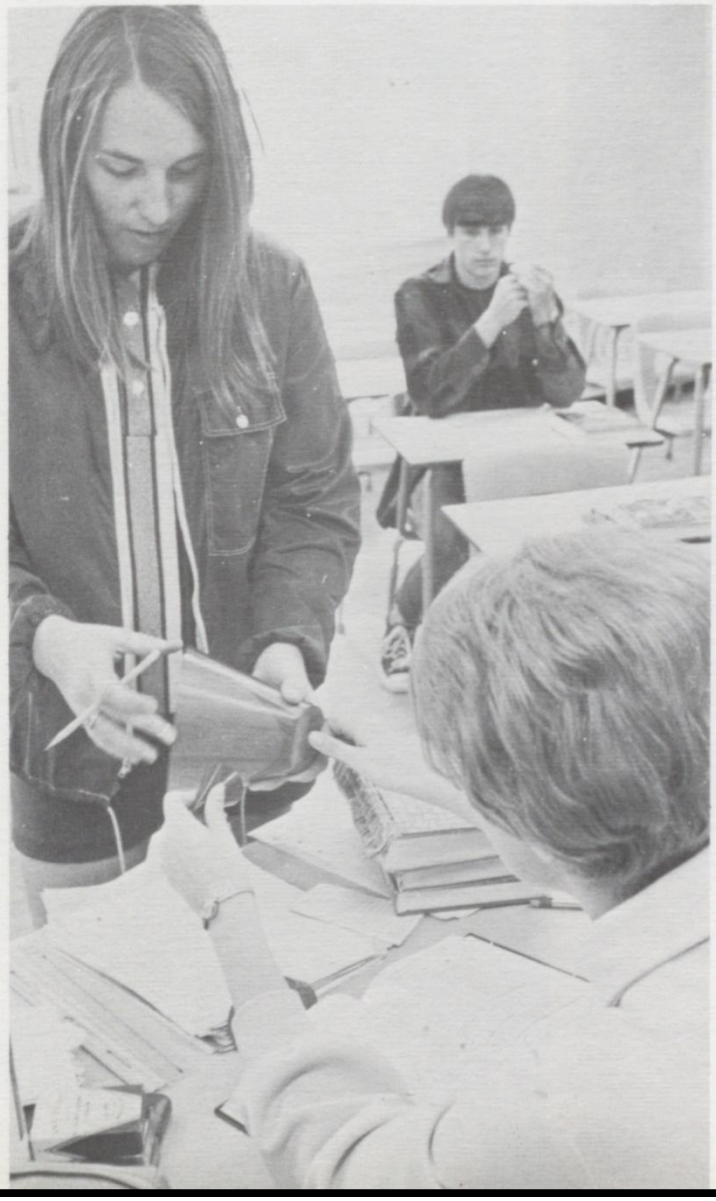

Through the years, BHS has built up an excellent library in the mathematics area, and numerous geometrical figures and supplies were available to all students during the year.

Girls Eligible for Ag.

The Vocational Agriculture Classes for the 1970-71 year were again under the direction of Mr. Mark Richards. Three classes of Ag. were taught this year; Ag. I, Ag. II, and the advanced class, Ag. III.

In Ag. I, the emphasis is placed on livestock and basic shopwork. Ag. II follows Ag. I in the study of livestock, but the study of crop production is also added. Their shopwork consists of learning the mechanics of motors and they also have more advanced welding products. In the advanced Ag. III class, an attempt is made to tie in livestock and crop management and learn the management of both. During this course, records and income tax forms are also worked. The shop work is much more advanced and includes many individual specialized products.

This year, for the first time, girls have been included in the Ag. classes. Mr. Richards stated, "This has worked out very well for the department, and should have taken place many years previous to this time.

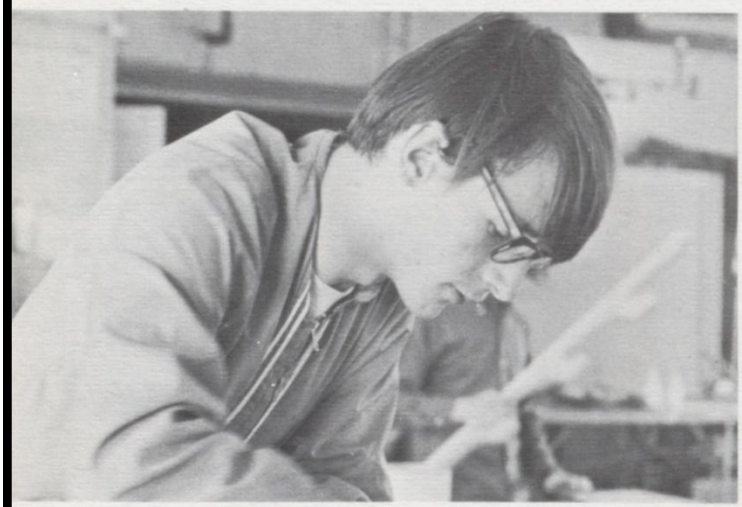

Students Complete Projects

Taught by Mr. Albert Moser, Vocations I and II are classes designed to familiarize the student with occupations, allowing shop time for developing these skills.

Vocations II is a continuation of Vocations I where the individual may develop his own specific interests. Various projects are completed by the students during the school year, such as cedar chests, gun cabinets, and dressers. Vocations students also constructed sink cabinets, stools, chairs, magazine racks, and tables. Two larger projects built by the students were stock racks and picnic tables.

Shop, Mechanical Drawing Form Foundation for Many Vocations

Mr. Albert Moser headed the Shop and Mechanical Drawing classes at B.H.S. for his fourth year. The main purpose of these courses is to form a foundation for choosing a vocation.

The shop class is a combination of drafting and woodworking. In this course, the students must first draw out plans for their projects and then go into the shop and do the actual woodworking.

Mechanical drawing is entirely drafting where the students work on recopying sketches or plans, later moving on to draw their own creations. This course concentrates mainly on architectural and machine drawing.

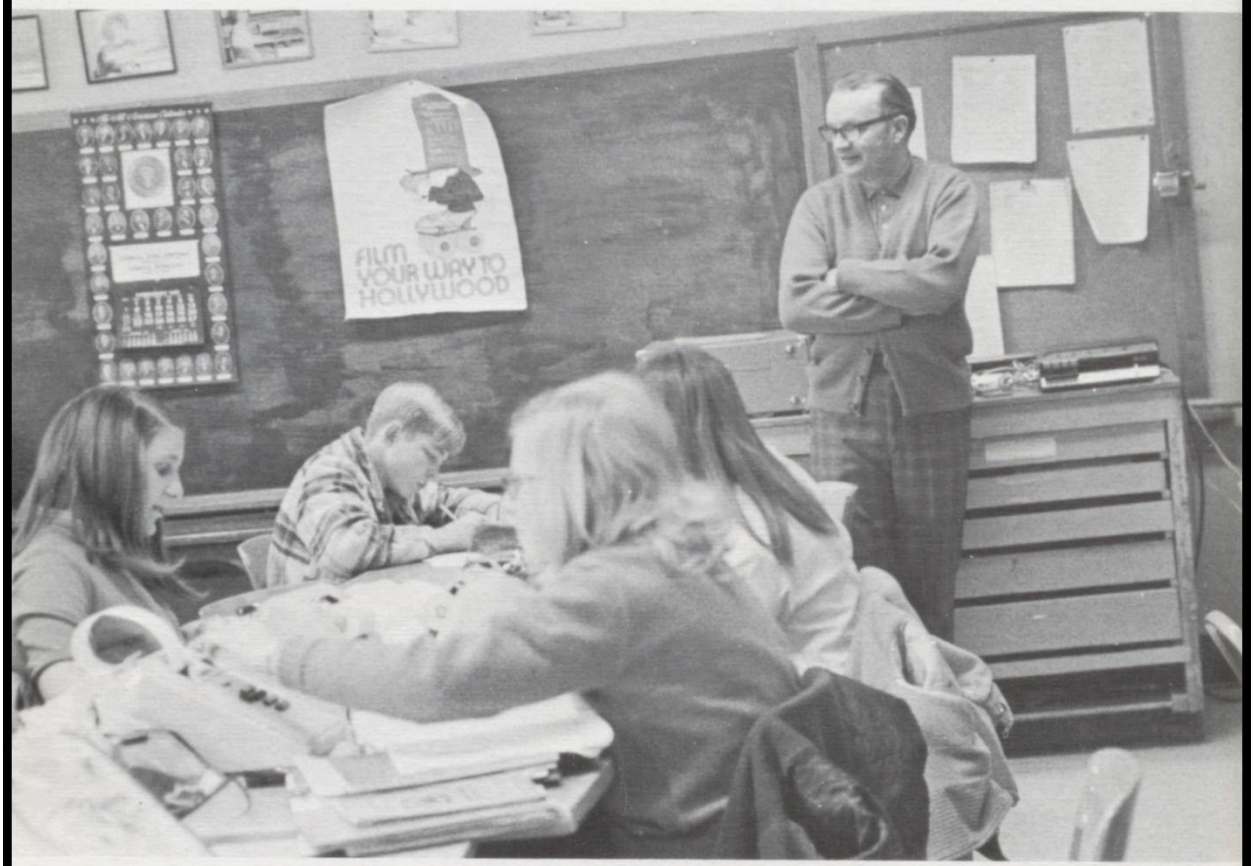

Business Students Develop Experience

Under the leadership of Mr. Robert Mitchell and Mr. Richard Kuhl, the Brush High School Business Department handled an extensive curriculum.

Mr. Mitchell taught Shorthand I, Bookkeeping, Business Machines, and Secretarial Practice. Mr. Kuhl's classes included Salesmanship, Personal Use Typing, Business Law, and Typing I. These courses were primarily conconerned with an introduction to business.

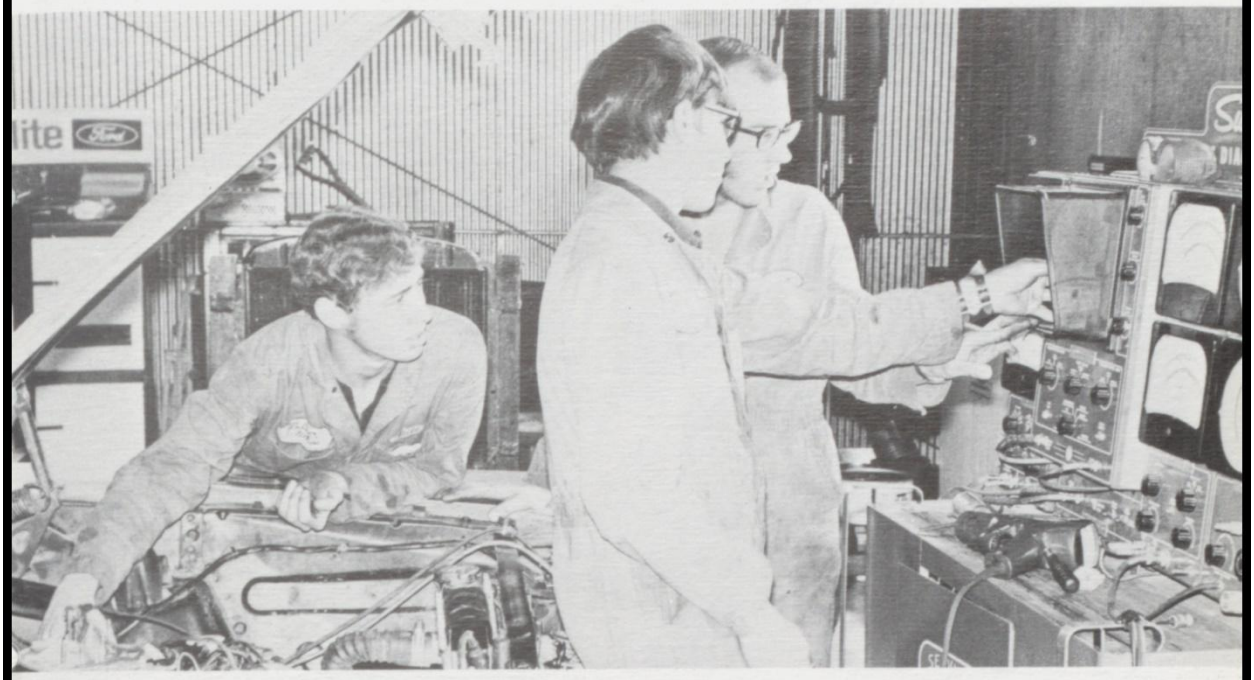

Secretarial Practice, which is in its fourth year, provides its students with advanced studies in business. One semester is spent in the classroom learning procedures. The remaining semester, students are placed in offices downtown to get personal experience.

McReynolds Teaches Auto Mechanics

Fourteen juniors and four seniors were taught the basic facts about automobiles in Auto Mechanics I this year. The class, taught by Mr. Ken McReynolds, is a prerequiste for Auto Mechanics II and deals mainly with lab work on brakes, generators, alternators, electrical wiring and tune up.

Auto Mechanics II, which is also taught by Mr. McReynolds, is handled like a regular automotive repair shop. The ten seniors enrolled in the class work on cars that come into the shop, no matter what is wrong with them.

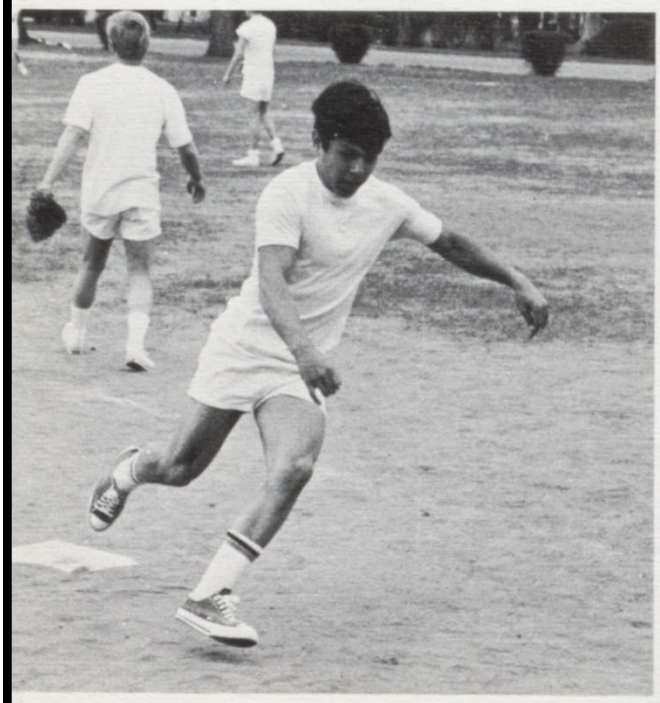

Needens and Mora Head P.E. Classes

Physical Education for the 1970-71 year was taught by Miss Margaret Mora and Coach Leroy Needens. Both groups were divided into P.E. I and II, and for the first time classes were offered on a quarter basis.

Freshman and sophomore boys were placed in P.E. I and juniors and seniors made up P.E. II. Sports covered by both classes include football, track, horseshoes, badminton, and tennis.

Miss Mora's classes were divided by physical education experience, with those taking it for the first time in P.E. I, while those taking it for two or more years placed in P.E. II. Sports taught were field hockey, volleyball, basketball, gymnastics, archery, and soccer.

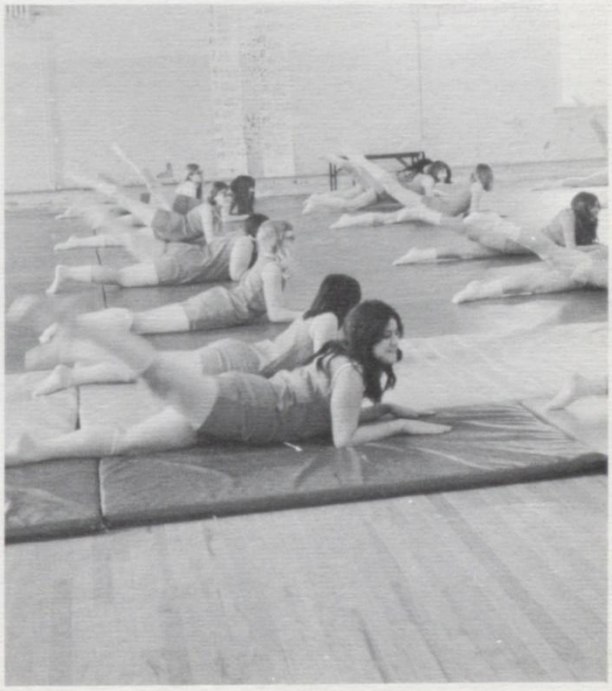

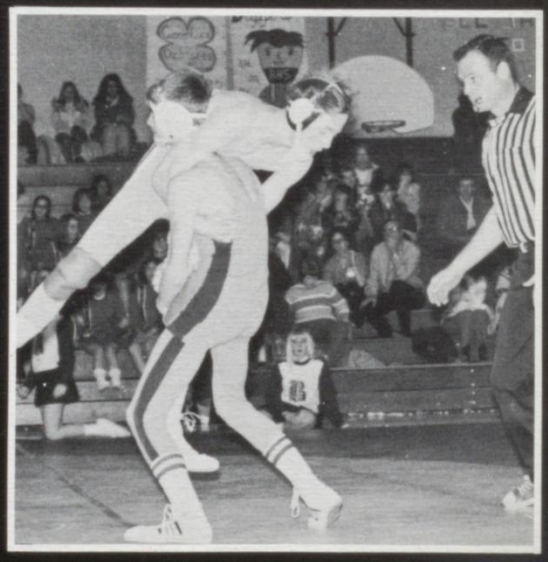

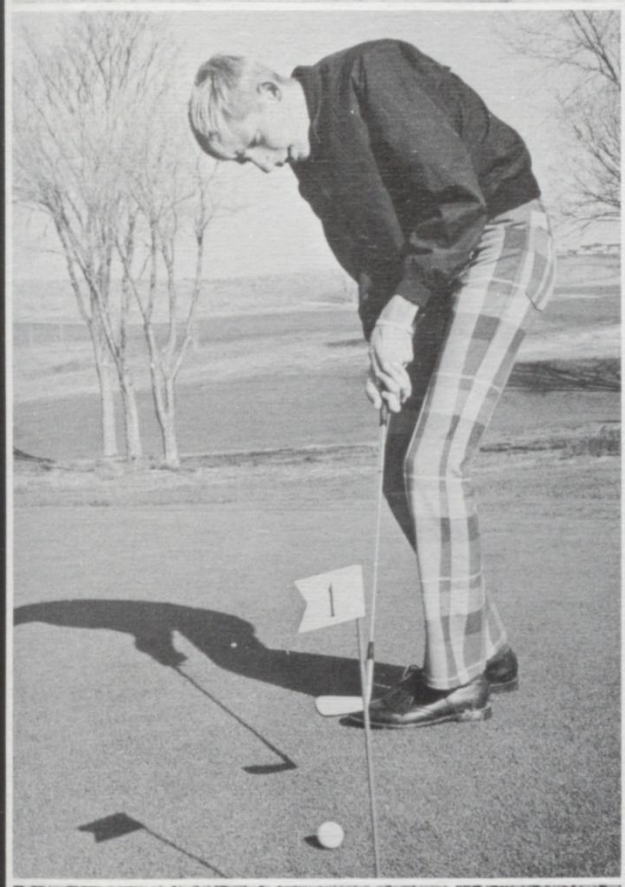

SPORTS

Once again at Brush High School, athletics played a prominent role as one of the most important extra-curricular activities. Competition in football, wrestling, basketball, golf, and track was offered on the regular sports program, with 113 boys playing.

Competition in basketball was very close this year, as several teams battled to gain district spots. Although Brush failed to gain a berth, Dennis Cox and Doug Hartwig were chosen as All-Conference Players.

In wrestling, Gene Anderson, John Samples, and Pete Padilla went to State, where Samples took second place in his class. The highlight of BHS sports occurred when Brett Bolinger jumped to a new AA State record and State Championship in the high jump.

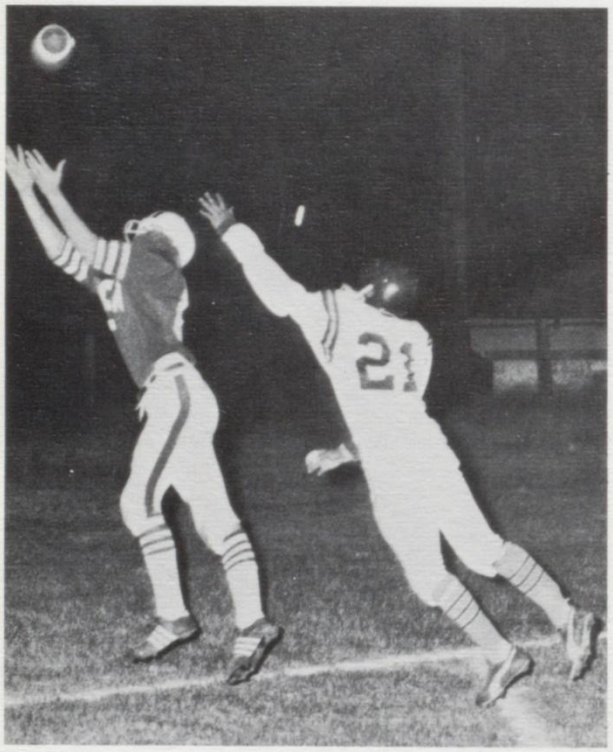

A school's athletics is judged not only on its results but also in how the game is played, and in 1971 Brush was voted by the other league schools to receive the first Sportsmanship Trophy, an honor initiated by the Northeastern League Student Council. Each year the league will vote on which school is to receive it, and after ten years the school having been honored the most number of times will get to keep the traveling plaque.

Diggers Go Undefeated on Home Court

With a respectable 10-4 conference record, the Beetdiggers finished fourth in the League Tournament in which the two semi-final games went into overtimes. The Diggers were coached by Lee-Roy Needens and assisted by Don Dillehay and Tim Booth.

The Beetdiggers started the season by beating the former State AA Champions, Denver Christian, 55-54. This year the Diggers played only two practice games and each conference team twice. The only four losses were handed to them by teams the Diggers had previously beaten.

In the League Tournament, Brush beat Akron 73-49 in the first game. The Diggers were then handed loses from Haxtun and Holyoke. Haxtun and Holyoke then went to the District Tournament to try to gain a state berth. Haxtun was beaten by Highlands, 66-54, and Holyoke by University High, 78-75.

"Best Track Team in Many Years"

"Best track team in many years," stated coach Don Thomas, coach of the Brush High School track team for the school year 1970-71. This year the track team participated in A.F.A. Easter races as well as fifteen meets, District, and State.

Two Brush High Track records were broken this year, Brett Bolinger broke the previous record of 6'2½" set in 1962 with a jump of 6'4 1/8", and Lance Norwood broke his old record of 54:4 seconds with a run of 53:4 seconds.

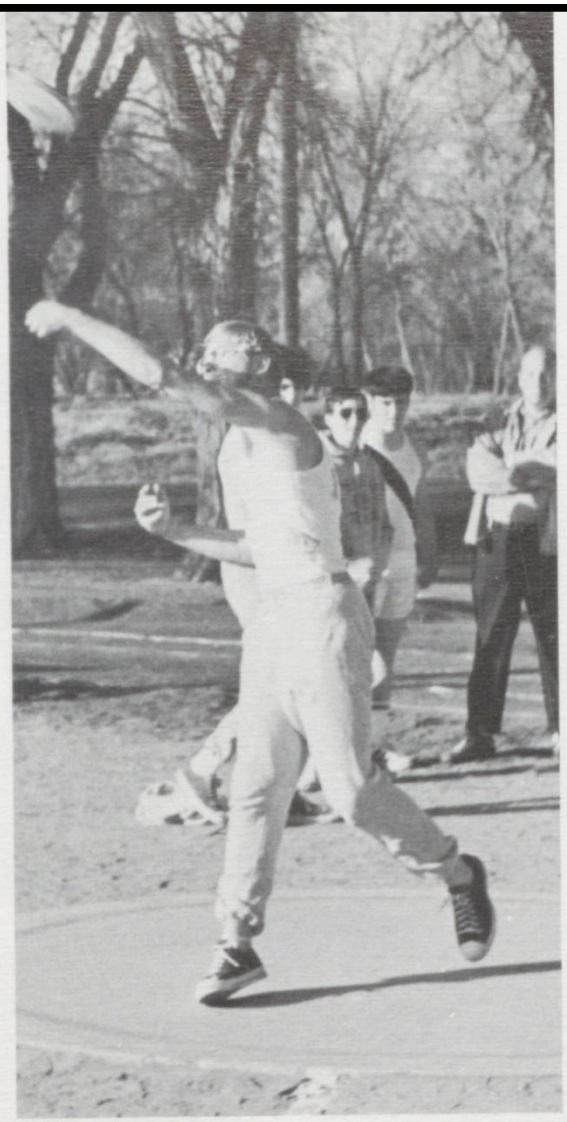

The track team received 3 first places as a team. They received these at Haxtun, Yuma, and at the Brush meet which was the first held here in four years. Coach Thomas accredited the victories to the depth of the 39 member team. Under Coach Thomas, the team doubled from 20 in the 1969-70 school year to almost 40 in the 1970-71 school year.

Two members, Willie Nelson and Bolinger, received the honor at District to go to State, where Brett took the State-championship High Jump with a record-breaking 6'4" effort.

WHAT DOES FRANCHISED MEAN?

1. The protector of your new vehicle warranty.
2. Factory trained mechanics.
3. Factory recommended equipment.
4. Four businesses in one to serve you—
   New Cars and Trucks
   Used cars and trucks
   Competitive parts sales and—
   Service with a Smile.
5. Community Service
   Loaning of equipment to schools for technical training.
   Loaning of vehicles for drivers training.
   Loaning of pickups for Future Farmers of America training.
   Providing Teen Rodeos to cut accidents involving youth.
   And above all, civic leadership for your community.
6. Used vehicles backed by guarantees with teeth in them.
